About Us

In 2012, we, Flextool Equipment Private Limited, started our operations to meet the market demands for highly reliable and efficient testing products. Since the first day, we have never turned back and progressed as a manufacturer and supplier. We deliver Stone Detector Machine, IBC Vibration Tester Machine, Electromagnetic Vibration Testing System, Vibratory Stress Relieving Machine, and many other modern industrial machines and equipment. Each of our offering is a true reflection of rich engineering skills and expertise we possess of the industry. We offer our products in different sizes and technical specifications that has further enhanced our capacity to meet the demands of a large number of customers. Our offerings are praised for their modern designs, low maintenance, excellent performance, durability, and power efficiency.

We believe in delivering nothing less than the best. In order to have technologically advanced products in portfolio, we focus on keeping our knowledge-base up-to-date. Our dexterous personnel actively participate in seminars and conferences of the industry to be aware of emerging technologies and trends. Furthermore, our research experts strive to find ways for reducing manufacturing cost, enhancing client satisfaction, and upgrading the policies.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	Vibratory Stress Relieving Services at site,Vibratory Stress Relieving Equipment,
No of Staff	20
Year of Establishment	2012
OEM Service Provided	No
ProductRange	Vibratory Stress Relieving Services at site,Vibratory Stress Relieving Equipment,

Our Products

VSR-AF Vibratory Stress Relieving

Electric Vibration Testing System

Block Vibration Testing

VSR-AT Vibratory Stress Relieving

Vibration Package Testing

Loose Stone Detector

Electromagnetic Vibration Testing

IBC Vibration Tester Machine

ADDRESS

First Floor, 114/A, New Apollo Estate, New Nagardas Road, Andheri Subway, Andheri East, Mumbai, Maharashtra, India (400069).
