About Us

We design, Fabricate, supply & undertake erection of various processes of Filtration equipments like Vertical Pressure Leaf Filter, Horizontal Leaf Filters, Vertical Leaf Filters, Auto Wedge Locking Horizontal Pressure Leaf Filter (Hydraulic), Spare Leafs, Multi Bag Polishing Filter, Process Equipments for Solvent Extraction Plant & Edible oil Refinery etc. Established in the year 1986, our company having good performance and credit rating certificate- CRISIL NSIC SE-2B, from CRISIL. We also hold govt. purchase enlistment certificate registered with National Small Industries Corporation Limited (NSIC).

We, "Sai Engineering Works" introduce ourselves as principle equipment manufacturer for Edible Oil Refinery, Solvent Extraction Plant, Chemical & Pharma industry.

**Key Facts**

Nature of Business	Manufacturer
Primary Competitive Advantages	bag filter,double drum dryer,drum dryer,vertical pressure leaf filter,presure leaf filters,drum flaker
No of Staff	25
Year of Establishment	1986
OEM Service Provided	No
ProductRange	bag filter,double drum dryer,drum dryer,vertical pressure leaf filter,presure leaf filters,drum flaker

Our Products
