**GLITTER FINISH POLYMER**

**PEARLESCENT FINISH POLYMER**

**NITROBENZENE EMULSION**

## About Us

The chemical industry is at its most revolutionary phase and is moving ahead rapidly, with each new day witnessing the discovery of newer chemicals and allied products. These chemicals form the base of most of the products we utilize every day, be it in edibles, cleaning, manufacturing or various other activities. Emulsifiers are also one of the most sought after chemicals as they form the stabilizing base for numerous products in diverse industries.

Since its inception in 1968, Sudarshan Organics Pvt. Ltd. has been offering premium grade emulsifiers and related chemicals in the industry. We are a Hapur, U.P based exporter, manufacturer, trader and supplier of variety of industrial chemicals that are used in different applications. Our chemicals are prepared in our specialized manufacturing units where all the processes are manned by talented workers. They are trained in their chosen domains and work together to ensure all the assigned tasks are completed within the promised time frame. Furthermore, we conduct quality tests to check our chemicals on various parameters prior to dispatch.

## Key Facts

<b>Year of Establishment</b>	1968
<b>OEM Service Provided</b>	No

## Our Products

**20% Nitrobenzene**

**Sulfosulfuran  
Emulsifier**

**Nitrobenzene  
Emulsifiers**

**Emulsifier For  
Nitrobenzene**

**Wetting Agent**

**Universal Emulsifier**

**SUDAGROW G**

**Nitrobenzene Granules**

**SUDAGROW L**

**Nitrobenzene Emulsion**

**Nitrobenzene Emulsion**

**Dispersing Agent**

**Seed Coating Agent**

**Acid Thickener**

**Custom Finish Polymer**

**Kerosene Emulsifier**

**Neem Oil Emulsifier**

**Nitrobenzene 20%  
Emulsifier**
