About Us

Founded in 2019, PGRP Worldwide Private Limited is a trusted Manufacturer, Exporter, Trader, and Supplier based in Delhi, India. We specialize in providing a range of high-quality products including Ductile Iron Pipes, Cast Iron Pipes, Gate Valves, etc. Each product is manufactured with precision and adherence to international quality standards, ensuring they meet the highest performance and durability requirements. We serve clients globally, offering reliable solutions for industries that require robust, durable, and innovative piping and valve systems.

Our vision is to become a global leader in the manufacturing and supply of piping and valve systems by continuously improving our product offerings and maintaining the highest standards of service and quality. We believe in the value of long-term partnerships. We work very closely with our clients to understand their requirements and offer tailored solutions that drive success for both parties. We commit to excellence and customer satisfaction and are ready to help your business thrive.
