

**AUTOMATIC BAR  
BENDING MACHINE**

CUSTOMER'S FAITH WELL-KEPT FOR LIFETIME

32mm Rebar Cutting Machine, 40mm Bar Cutter Machine, 40mm Rebar Cutter Machine, 45 HP Ride on Roller, 5 Ton Ride On Roller, Automatic Bar Bending Machine, Automatic Rebar Bender, Automatic Steel Bar Cutting Machine, Automatic Steel Stirrup Bending Machine, Bar Bending Bar Cutting Machine, Bar Bending Machine, Bar Ring Making Machine, Bar Straightening Machine, Digital Stirrup Bending Machine, Double Drum Ride On Roller, etc.

**AUTOMATIC BAR BENDING  
MACHINE**

**GW 50 BAR BENDING MACHINE**

**GW58 BAR BENDING MACHINE**

## About Us

Fastech Machinery Private Limited, founded in 2023, is a futuristic manufacturer, supplier, and trader of construction and rebar processing machinery with high performance. With a proud heritage in India, our company is dedicated to assisting in the development of infrastructure through a range of effective and reliable machines that support productivity and safety on the work site. We offer Bar Bending Machines, Automatic Steel Stirrup Bending Machines, Bar Cutter Machines, Rebar Cutting Machines, Ride-On Rollers, Power Floater Machines, Electric Tamping Rammers, Earth Compactor Machines, Angle Cutting Machines, Jumping Rammers, and more. Each product is produced in an industry-specific environment and aims to provide contractors, builders and engineers with high-performance machines to improve project timing and accuracy. At Fastech Machinery we aspire to be a reliable one stop source for machinery that accurately and efficiently meets the requirements of the construction and infrastructure industries across India and beyond.

Fastech Machinery Private Limited, established in 2023, is a manufacturer, supplier, and trader of high-performance construction equipment and rebar processing equipment. Our product line includes Bar Bending Machines, Rebar Cutting Machines, Earth Compactors, Tamping Rammers, and more. In total, we are metal processing and equipment experts serving many different industries. By constantly innovating, the durability of our equipment, and the overall satisfaction of our customers, we approach all equipment and constructions needs using modern engineering and strict adherence to quality control, ensuring all our machinery is cost-effective and reliable, this includes designing and manufacturing equipment for various types of infrastructure. At Fastech, we prioritize R&D, on-time efficiency of service, best we can serve national supply. Fastech Machinery is powering the future of smart solutions for construction.

## Key Facts

<b>No of Staff</b>	15
<b>Year of Establishment</b>	2023
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	No

**Our Products**

**Gw 42 Bar Bending Machine**

**Gw45 Automatic Bar Bending Machine**

**Fully Automatic Bar Cutting Machine**

**Gw40 Automatic Bar Bending Machine**

**Automatic Bar Bending Machine**

**FM 42 Bar Bending Machine**

**Bar Bending Machine**

**Steel Bar Bending Machine**

**GQ50 Rebar Cutter Machine**

**UNI 50C Bar Cutter Machine**

**Electric Bar Cutter Machine**

**Rebar Cutting Machine**

**FM 50 Premium Bar Bending Machines**

**Bar Bending Bar Cutting Machine**

**Automatic Steel Bar Cutting Machine**

**40mm Rebar Cutter Machine**
