About Us

A well-established manufacturer and supplier in the industry, Liquid AMP is headed by a visionary, Mr. Vimit Patel. He is the co-owner of the company and an extremely competent professional with a deep understanding of the market.

Observing the need for a wide range of premium-quality Sewage Submersible Pump Sets, Motor Starters, Control Panels, and other products, we entered the business in 2022. Since the beginning, we have been working hard to attain a reputable position in the market while ensuring complete customer satisfaction. Thus, today, we are a prominent name.
