About Us

We, **Jayant Agro-Organics Ltd.**, have developed a strong belief system in processing premium-grade **Blown Castor Oil, Pure Castor Oil** from quality castor seeds and with the help of advanced processing technology. Being India's one of the top Blown Castor Oil manufacturers and exporters, we have improved preparation methods as well as make the Sulfated Castor Oil subject to attributive assessment and validation in order to retain the purity and extend the industrial application areas. With extensive experience in product processing & marketing and immutable perseverance, we have explored the new horizons of Castor Oil industry that has become the standards in this segment. We have been offering the best in this sphere to the competitive world of trade.

As a well established manufacturer and exporter, we have been striving to meet each and every need of the clients with perfection. We specialize in offering Ethoxylated Castor Oils, Ethoxylated HCO, Sulfated Castor Oil, Textile Chemicals, Castor Oil, Blown Castor Oil, etc. These are processed by our expert team of professionals, under hygienic environment. Moreover, we make sure to use best quality ingredients which are sourced from trustworthy vendors of the market. Our quality tested range of Ethoxylated Castor Oils, Ethoxylated HCO, Sulfated Castor Oil, Textile Chemicals, Castor Oil, Blown Castor Oil, etc. is known for its purity, safe packaging, and cost effectiveness.

Our Potential

We have a modernized unit in Palanpur, Gujarat for Blown Castor Oil production and Solvent Extraction Units, two Castor Oil Derivatives manufacturing units in Baroda, Gujarat. Our timely delivery of products of better quality and our economic pricing of products have provided us with the opportunity to be the preferred organization for exporting Castor Oil and Castor derivatives. We produce and provide more than acid or oil, that has a variety of industrial and chemical application areas.

Clientele

Our strong distribution network alongwith quality conforming to international standards enable us to export our products to more than 40 countries worldwide. Our success is the result of inspiration, hard work, dedication and team work.
