About Us

Aurus Healthcare (OPC) Private Limited belongs to the pharmaceuticals industry of India. Since 2019, we have been an integral part of the industry, innovating, manufacturing and supplying highly effective Pharmaceutical Tablets, Capsules, Injections, Syrups and Creams. Our portfolio that makes us popular in the market, comprises Amoxicillin Potassium Clavulanate Tablet, Ceftriaxone Sulbactam Injection, Cefixime Oral Suspension Dry Syrup, Pantoprazole And Domperidone Capsule, Clobetasol Propionate Cream, and many other products. These are prepared by taking various finest pharma ingredients in the right quantity. Our products are carefully processed by qualified professionals in strict compliance with the medical standards. They are packed and supplied after being 100% assured of the right composition, longer shelf life, high effectiveness, and safe usage.

We care about the quality, hence we focus on packaging. We understand the crucial role of packaging in preventing the purity, effectiveness, and many other quality traits of our products. We make use of sealed packs, containers and bottles to pack our pharma products. In order to retain supreme standards of quality in portfolio, we follow strict quality control standards and guidelines throughout our processes. Our quality controllers conduct a series of tests on prepared pharmaceuticals to be ascertain about the quality. We have a specific testing laboratory, where using cutting-edge techniques and technology, our pharmaceuticals are examined.
