

LED Machine Lamp

Smart LUX LED Machine Lamp Flexi type

The Maruti Product Machine Lamp was developed & Designed as a modular system. Besides The innovative and Eco-Friendly LED-Technology the main focus was to create a cost-effective system. Featuring a flexi type new design with waterproof luminary highly efficient technology with a LED Powered by OSRAM Germany.

Product Details :

| | | |
|-------------------------|---|--|
| Product Code : | : | MI-CNC LED Machine Lamp 14-22-36 watt. |
| Number of light | : | 1 LED PL |
| Lamp Source Color | : | 3500 K/ 5000 K/ 6500 K |
| Lamp Power | : | 14-22-36 Watt |
| Control Gear | : | 110 V to 240 V AC (HZ 50/60) Or 24VDC |
| Protection Class | : | As per Ip67 |
| LED Luminous Efficiency | : | ≥ 110 lm/w |
| Beam Angle | : | 120 deg. |

| Internal Ballast Models | I/P Voltage | Length in mm approx |
|-------------------------|----------------------|---------------------|
| MI CNC LED 14 Watt. | 110-240 V AC / 24VDC | 370 mm |
| MI CNC LED 22 Watt. | 110-240 V AC / 24VDC | 510 mm |
| MI CNC LED 36 Watt. | 110-240 V AC / 24VDC | 580 mm |

Powered by OSRAM Gmbh

ARM LAMP

LED Machine Arm Lamp Long (Model G 051/L)

- Voltage: AC/DC 24V/ AC 100-240V
- Watts: 9.5 W / 7W
- CCT: 5500-6500K
- Beam angle: 60°
- Protection: IP65
- Temperature: < 60°C
- Efficiency: 75lm/W
- CRI: >80Ra
- Life:50000H
- Material Body: Anodic aluminum oxide / tempered glass
- Installation: Fixed by screw

LED Machine Arm Lamp Short (Model G 051/S)

- Voltage: AC/DC 24V / AC 220V
- Watts: 9.5W / 7W
- CCT: 5500-6000K
- Efficiency: 70lm/W
- CRI: >80Ra
- Beam angle: 60°
- Protection: IP65
- Temperature: < 60°C
- Life:50000HR
- Material: Body: AL, Tempered Glass
- Installation: Fixed by screw

LED Machine Arm Lamp Flexible (Model G 051/F)

- Voltage : AC/DC 24V / AC 100-240V
- Watts : 4.5W
- CCT : 5500-6000K
- Efficiency: 85lm/W
- CRI: 80Ra
- Beam angle: 45 degree
- Protection rating: Ip30
- Temperature range: -20 to 60
- Material: aluminum + PA+15%GF
