About Us

Our company, Sevenstar Special Steel Pvt Ltd is a reliable trader and supplier of a quality range of Round Bar, High Grade Hot Rolled Coil, Steel Plates, Abrasion Resistant Steel Plate, Alloy Steels, and more. These products are produced at the vendors' end with graded steel, alloys and other raw material and are extremely durable. In addition to that, due to quality features like corrosion and abrasion resistance and high tensile strength, these products have been in large demand in the market. These products are largely utilized in petrochemicals, steel plants, auto fabrication and industrial plant structure, amongst others.

Our range of products is good in quality and highly regarded within the domestic market. Offered in diverse shapes, sizes, grade of material and finishing, these products fulfill the demands of different industries. We sell our products at reasonable prices. Our huge volume and diversity of products have broad-based industrial use cutting across industry segments.
