About Us

The popularity of a production-based company is mostly influenced by the quality of its products and the expertise it has in the industry. Gladly, our company, Cherry Paints And Polymers Pvt. Ltd., has been producing high-quality goods and has progressively come to be recognized by numerous customers of the market. Since we started conducting business in the year 1994, we have grown to become a significant manufacturer and supplier of a wide variety of goods. High-quality raw materials are used in the production of our product range, which includes Long Oil Alkyd Resin, Cashew Nut Shell Liquid Resin, Phenolic Resin, Chain Stopped Alkyd, Liquid Phenolic Resin, Short Oil Alkyd, etc. Additionally, we make certain that our business dealings with clients are completely ethical.

In order to boost efficiency, a manufacturing company needs an efficient and well-organized infrastructural facility. We have never had trouble strengthening our productivity because of the modernly constructed infrastructure we have. We have newest technology of machinery and equipment installed in our infrastructural facility. Using all the resources available in our infrastructure, we are capable of producing a broad range of goods, including Phenolic Resin, Liquid Phenolic Resin, Long Oil Alkyd Resin, Short Oil Alkyd, Cashew Nut Shell Liquid Resin, Chain Stopped Alkyd, and others. We have a highly trained team of professionals which carefully oversees all the activities in our infrastructure. Moreover, from our facility, we are able to promptly deliver the orders to the respective customers.
