About Us

Leveraging on our experience and expertise, we, Shah Expansion Joints (Bellows) Manufacturers and Suppliers have established ourselves as a leading manufacturer and exporter of a range of high quality bellows. Our widely demanded products are axial bellows, double bellows, expansion bellows, universal bellows, pressure bellows, hinged bellows, gimbal bellows, etc. Due to the optimum quality of offered products, we have gained NSIC CRISIL Certification.

Quality Assurance

Our quality centric approach is our top priority. This commitment initiates at the enquiry stage. The industrial bellows are designed by our designers making use of the software developed by our engineers. They analyze effects on pipe from restraint loading and develop the most affordable and carefully tested designs in the industry. The provided industrial bellows are supported by innovation, engineering expertise and expert service to make sure that clients are completely satisfied.

Infrastructure & Facilities

Our technological excellence is exhibited in our infrastructure. Our high technological foundation makes Shah Expansion Joints (Bellows) Manufacturers superior. Our experience and expertise enable us to continually adopt the latest in product development and manufacturing technology. There are different departments, shops and facilities in our factory, which are tool and machine shop, design, machining, molding, CAD/CAM and inspection. The CAD/CAM facility is incorporated in the design unit, which assist in coming forth with innovative and efficient product designs. The products designed in this unit are pressure balanced bellows, universal bellows, axial bellows, in line pressure balanced bellows, double bellows, hinged bellows, etc.

Our Products

**Miniature Stainless
Steel Bellow**

RMU Bellow

SRV Bellow

SS Bellow

Rmu SS Bellow

Exhaust Bellow

Jacketed Expansion Bellows

Fuel Dispenser Bellows

Elbow Bellows

Expansion Bellow

SS Square Bellow

Square Metal Bellows

Tied Universal Bellows

Pipe Universal Bellows

SS Rectangular Bellow

Flanged Rectangular Bellow

PTFE lined Bellows with Braiding

Mechanical Seal Bellow
