ABOUT US

MCJ Multipack story

We are the pioneers in manufacturing of flexible laminate packaging material for food, beverages, snacks, agricultural industries etc . Over the last three decades we have created a strong presence and exemplary reput e in the Indian packaging industry

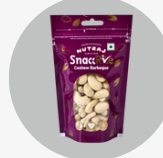

Trust, Honesty, and Reliability are part of our core values and are embedded in every aspect of our work. We consider customer satisfaction of utmost importance and strive to exceed expectations with the highest possible quality, through our state-of-the-art technology for rotogravure printing, adhesive lamination, bag making, and pouch making with manufacturing units in Sonapat and Rai.

Printing

Printing in 9 colour
pelican printing machine

Matte Glow Technology
printing partially matte and partial shiny
to extra emphasise certain parts of the
pouch

Registered window metallized
Our technology helps us print
customised windows according to the
design to showcase the product inside

Lamination

From Pet, BOPP, Cpp, Alu-Foil, Papers, other hybrid options, we have
an integrated packaging solution in 2, 3 and 4 layer lamination

Pouching

Stand Up

Spout
