About Us

Founded in 2016, Vaspa Engineering Services emerged from a simple vision: to make clean, affordable solar energy accessible to every Indian home and business. What started as a small team of passionate engineers has grown into one of India's leading solar EPC companies, with over 1000+ successful projects and 50MW+ of installed capacity across residential and commercial sectors. Our commitment to engineering excellence, customer satisfaction, and environmental sustainability drives everything we do.

Our infrastructural set-up, located in Pune, is well-organized to support our role as a trader and supplier efficiently. Equipped with a spacious warehouse, proper inventory management systems, and streamlined logistics, we ensure safe storage and quick dispatch of products. Our facility enables us to handle bulk orders while maintaining product quality and accuracy. Backed by a dedicated team, our infrastructure supports smooth operations, timely deliveries, and consistent service, allowing us to meet diverse customer requirements with reliability and professionalism.

Key Facts

No of Staff	21
Year of Establishment	2016
OEM Service Provided	No

Our Products

Industrial Solar System

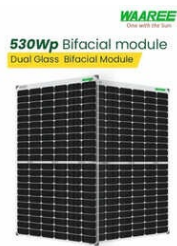

**Commissioning
Installation Service**

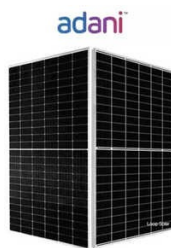

Solar Pump System

Adani Solar Panels

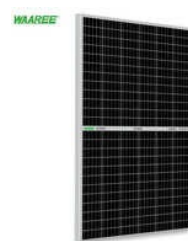

Waaree Solar Panels

**Adani Bifacial Solar
Panel**

**Industrial Solar Power
Systems Installation**

**Non DCR Waaree Solar
Panels**

12v Solar Power System

**450wp Waaree Bifacial
Solar Panel**

**Bifacial Mono Perc
Solar Panels**

Navitas Solar Panels

Tata Solar Power Plant

**Industrial Solar Power
Plant**

**On Grid Solar Power
Systems**

**Solar Power
Installation Services**
