## About Us

Amey Engineers Founded in the year 1985, we are a leading manufacturer, exporter and supplier of high quality special purpose machine tools. With our in-depth expertise and an outstanding technical set-up, we offer an unmatched line of Industrial Crusher, Pharma & Office Waste Shredder, Metal Shredder, Biomedical Waste Shredder, Electronic Waste Shredders, Pharma Scrap Disposal Machines and many other innovative solutions. Renowned for their precision and perfection, our products are capable of rendering years of efficient services to the clients. The company is the brainchild of Mr. Suhas Lele, an Engineering Graduate from VJTI, Mumbai University, who started this venture after getting years of experience in the tool room of Premier Automobiles Ltd., a reputed automobile firm. The company is a proud member of KAMA. Apart from this, we are also working as a service provider.

We are a quality driven organization and follow a strict quality management programme at every level of our operation to ensure flawless production. Our innovative team of engineers and our infrastructure, together provide us a perfect equation to manufacture world class goods for our prestigious clients. We offer our products under the brand name Amey. The company has minimum required machinery at their factory and major thrust is given on technical expertise and vendor development, as products dealt in, are of diverse variety. Our products are widely used by many eminent pharmaceutical companies like Ranabaxy Laboratories Ltd., Amrutanjan Ltd., Cadila Healthcare Ltd., to name a few.
