About US

The Organization was started as Proprietary concern. The company capable of undertaking Fire Alarm System with Public Address system of all nature.

Company has successfully undertaken and completed the Projects in Mumbai and Pune Region.

Some of our specialized activities which have been successfully undertaken and are on the state of completion is Lodha World one project Fire Protection Systems for Residential Complex, Mumbai and Amazon Data Center, Navi Mumbai.

We have ample experience in execution of Fire Alarm System in High-Rise towers.

We provide the latest Technology and equipment allowing us to give our customers the best services possible. We also do a follow up on all clients to ensure that all equipment supplied is efficiently running and serviced on time.

We are strongly committed to the Quality, Safety, Productivity, and Scheduled Completion of the Projects.

Our Vision & Mission

Vision:
We will build Safe and Secure Environment with Community Risk Reduction and move towards Safety and Wellness.

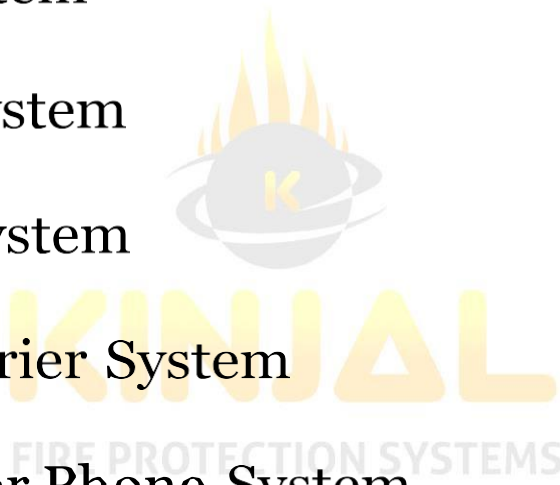

Mission:
To Save Lives and Protect Property

WHAT WE DO

1. We provide complete solution for Fire Protection Systems

2. We do turnkey projects for Residential, Commercial as well as Industrial areas, which include Designing, Supply, installation, Testing and Commissioning (SITC) of all kinds of Fire Detection Systems and Public Addressable System.

3. We do Revamping work for Fire Detection and Public Addressable system.

4. We do Install or Repair Fire Alarm which includes Installation, Testing and Commissioning of all types of Control Panel, Wiring and ensure everything functions properly at customers businesses. We also undertake troubleshoot and repair malfunctioning systems.

5. We test all newly installed Fire Alarm System and perform regular Inspections to ensure that Systems and Equipment continue to Work according to their specifications. We test all basic Alarm Panel functions to make sure that every offered feature is functional.

6. We Diagnose and Troubleshoot Software and Hardware Problems and help our customers for installation of application and programs. We providing all type of Technical Support including resolving network issues, configuring panel, operating systems and using remote desktop connections for immediate support.

We are giving services for the following Systems
