About Us

Established in 2019, Shri Hanuman Seeds & Pesticides is a trusted name in the Indian agriculture sector. Based in Sant Kabir Nagar, Uttar Pradesh, we are a leading manufacturer and supplier of high-quality agricultural solutions designed to support farmers in increasing crop productivity, protecting yields, and improving soil health. With a focus on innovation and reliability, we aim to empower farmers across the country by providing effective and sustainable agrochemical products that meet the modern-day challenges of farming.

We offer a wide range of agricultural inputs formulated to support every stage of crop development from seed to harvest. Our product offerings include Agriculture Fertilizer, Agriculture Fungicide, Agriculture Herbicide, Board Spectrum Insecticide and Agriculture Pesticide. Each product is manufactured using quality-tested ingredients and advanced formulations to ensure consistent and long-lasting results in diverse agricultural conditions.

Quality is our top priority. Our production process is backed by industry-best practices, scientific research, and strict quality control measures. Every batch is tested to ensure safety, effectiveness, and compliance with agricultural standards. We also focus on continuous improvement, regularly updating our formulations based on field performance and farmer feedback. This ensures that we not only meet today's agricultural needs but also help shape a more productive and sustainable tomorrow.
