Features :

- Standard accessory, its advantage is stable quality, durable material, and easy maintenance.
- Special design-Control PP strap cooling time. It can make the PP strap to fasten well in any time.
- "Electricity-saving" device, the motor automatically stops running after 60 seconds power to reduce the regular mechanical wear and to prolong the machine's life.
- The advanced P.C.B microchip circuit board control system, less malfunction and easy maintenance.
- Durable electro-magnetic clutch transmission means lesser mechanical wear and noise pollution.
- New heater plate design improves warm-up time, welding speed and increase work efficiency.
- Installing an auxiliary feed switch and cut switch at the control panel makes you operate more conveniently.
