About Us

At Hydrogreen Energy Private Limited, the power of the sun is transformed into sustainable solutions that fuel progress and protect the future. Established with a vision to make renewable energy accessible and reliable, our trader and supplier company has become a trusted name in the field of solar products and solutions. Our wide portfolio includes Solar Panels, Solar Inverters, Solar Power Plants, Monocrystalline Solar Panels, and more, designed to meet the diverse energy needs of residential, commercial, and industrial sectors. Driven by innovation and guided by a commitment to sustainability, Hydrogreen Energy delivers products that combine cutting-edge technology with proven efficiency. Each solution is carefully chosen and supplied to ensure durability, performance, and long-term savings for our customers.

What sets us apart is our ability to provide end-to-end support, from consultation and product selection to timely supply and after-sales service. Backed by a skilled team with industry expertise, we ensure every project reflects our values of quality, trust, and customer satisfaction. With a focus on creating a greener tomorrow, Hydrogreen Energy Private Limited, continues to expand its reach, empowering individuals and businesses to harness clean energy while contributing to a sustainable and energy-efficient world.

Key Facts

No of Staff	20
Year of Establishment	2020
OEM Service Provided	No

Our Products

330w Solar Power Panel

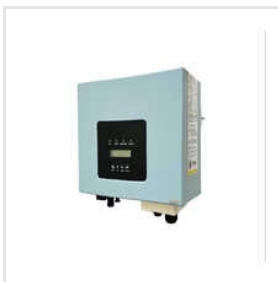

50kw Solar Hybrid System

Polycrystalline Solar Panel

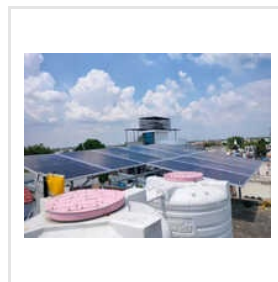

UTL 540 Bifacial Solar Panel

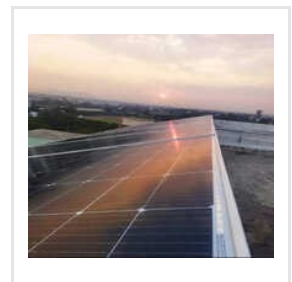

4000va Off Grid Solar Inverter

Industrial Solar Power Plant

10kw Solar Power Plant

Aluminium Monocrystalline Solar

10000kw Industrial Solar Power Plant

3kw On Grid Solar Inverter

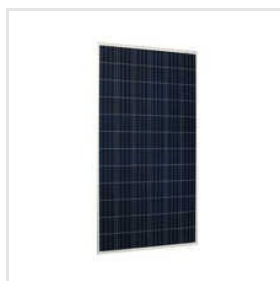

300w Monocrystalline Solar Panel

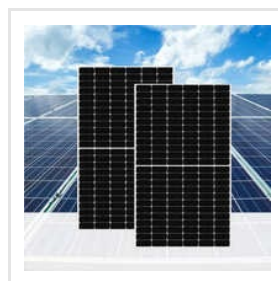

Monocrystalline Perc Solar Panel

150kw Hybrid Solar Inverter

545W Solar Power Panel

500w Monocrystalline Solar Panel

5HP Solar Panel For Atta Chakki

ADDRESS

Branch Office : J-3, Shankar Square Trade Center, Near Khatu Shyam Mandir, Agra, Uttar Pradesh, India (282001).
