## About Us

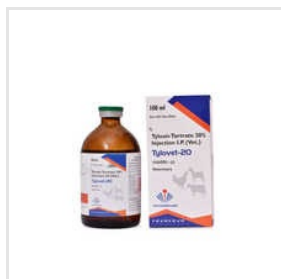

Safecon Lifesciences is a leading Drug manufacturers, supplier & marketers situated in Excise free zone in Uttarakhand & recognized in the market, due to our ability to manufacture, export, supply a diverse and qualitative range of Veterinary Medicines and Veterinary Drugs like Non Beta Lactum Tablets, Bolus, Capsules, External Liquid Section, Dry Powder, Liquids, Veterinary Injectables, Large Volume Parental 500ml & Small Volume Injectables. To develop our range of products, we exclusively use healthful ingredients obtained from the authentic as well as reliable vendors of the market having rich expertise in this domain. We are supported with modern infrastructure & a team of qualified & highly experienced professionals to meet the bulk requirements of the esteemed customers. The Plant is certified by FDA in accordance with GMP-Schedule M requirements and complied with WHO standards, with all sections are equipped with AHU-HVAC System. We have in house testing facility at every stage, in the fully equipped laboratory. We think our capability to be the host of contented clients as they kind us with repeat business orders.

Safecon Lifesciences is the sister concern of Meek Pharma Private Limited. We are manufacturing a series of products under our own brand via a franchise arrangement. Safecon Lifesciences is working as a Manufacturer and Supplier of Meloxicam Tablets, which falls under the category of Veterinary Bolus. Our production facility is based in Rudrapur (Uttarakhand, India) and we assure to produce best quality products only. Today, we have earned the status of the top Veterinary Company in India. Consequently, we comprehend that our business associates as well as partners should meet the market challenges. So we - Safecon Lifesciences, provide them complete support for marketing and promoting. We are interested in creating a "Productive Franchise Network" for our Meloxicam Tablets (a type of Veterinary Bolus) and Veterinary Injections. We assure that we will support you morally as well as materialistically, which will benefit both the parties.
