The control panel features a central digital display labeled "VOLT METER" with a "PUSH ON DISPLAY" button above it. To the left is a "POWER" switch with "OFF" and "ON" positions. Below the power switch are two "POWER" level indicators: "HIGH" and "LOW". To the right of these are "HOURS" indicators for "24" and "12". Further right is a "BALZTER" switch with "OFF" and "ON" positions. Below the switches is a rotary dial for "ALARAH SENSITIVITY" and four indicator lights labeled "SYSTEM ON", "CHARGING BATTERY LOW", and "PANEL". The panel is flanked by decorative blue scrollwork and the text "SOLAR ZATKA MACHINE".
