

Fasttech Transformer

"The Watchman of the field
Now the farmer can relax a bit"

➤ About Fasttech Transformer

Founded in 2007, **Fasttech Transformer** stands today as a shining symbol of innovation, trust, and engineering brilliance in the power and farming machinery sector. From our humble beginnings in India to our proud standing as a recognized manufacturer of **high-performance transformers and advanced farming machinery such as the Zataka Machine**, our journey has been one of dedication, passion, and an unwavering commitment to excellence.

For over a decade and a half, Fasttech Transformer has consistently delivered products that embody **luxury in performance, precision in engineering, and reliability in service**. We have earned a reputation not only as a manufacturing company but as a **partner in progress**, empowering industries, agriculture, and communities with cutting-edge solutions.

➤ Craftsmanship & Quality – Our Signature

At Fasttech Transformer, **luxury lies in the details**. Every product undergoes strict quality checks, ensuring world-class standards. From the initial design stage to the final dispatch, our engineers and quality experts monitor every process with precision.

- **ISO-certified processes** that align with international benchmarks.
- **Advanced R&D laboratories** to innovate and enhance product performance.
- **Skilled engineers and technicians** who blend expertise with creativity.

Our craftsmanship ensures that every transformer and every farming machine we produce is a **masterpiece of engineering and reliability**.

➤ A Legacy of Trust and Innovation

Since 2007, Fasttech Transformer has grown steadily, supported by a loyal customer base, advanced manufacturing facilities, and a dedicated team. Over the years, we have expanded our presence and built a strong reputation for **premium products, ethical practices, and unmatched service**.

Our legacy rests on three pillars:

1. **Trust** – Our customers trust us for quality that never fails.
2. **Innovation** – We constantly upgrade our designs to stay ahead of time.
3. **Commitment** – We stand by every product, ensuring after-sales service that matches the excellence of our manufacturing.

➤ Our Infrastructure

Luxury begins with a strong foundation, and Fasttech Transformer is equipped with world-class infrastructure that reflects our premium positioning:

- **Modern Manufacturing Units** with advanced machinery and precision tools.
- **Dedicated R&D Centers** focused on innovation and future-ready solutions.
- **Strict Quality Assurance Departments** that ensure every unit meets the highest global standards.
- **Pan-India Distribution Network** enabling timely delivery and support.

This infrastructure gives us the power to transform ideas into **iconic products** that stand the test of time.

➤ Global Standards, Indian Excellence

Being proudly based in India, Fasttech Transformer represents the **spirit of “Make in India”** with a touch of global luxury. We blend Indian craftsmanship and dedication with international engineering standards to produce products that meet the demands of both domestic and global markets.

Our products embody:

- **Precision comparable to international brands**
- **Affordability without compromising on luxury and quality**
- **Sustainability that respects both environment and communities**

➤ Customer-Centric Approach

At Fasttech Transformer, **our customers are our inspiration**. We go beyond selling products — we build **long-term relationships based on trust, care, and partnership**.

We offer:

- Personalized service and consultation.
- Comprehensive after-sales support.
- Training and guidance for operating machinery.
- Transparent business practices with integrity at every step.

This customer-centric approach has made us a **preferred partner for farmers, industries, and enterprises** who seek reliability with a touch of premium quality.

➤ Sustainability & Responsibility

Luxury is incomplete without responsibility. Fasttech Transformer is deeply committed to **sustainable practices**. From energy-efficient transformers to eco-friendly farming solutions, we integrate responsibility into every step.

- Use of recyclable materials.
- Energy-saving designs.
- Contribution to rural development and farmer empowerment.
- Strict compliance with environmental regulations.

We believe in growing **with our customers and the planet**, ensuring that progress is always sustainable and inclusive.

➤ Our Promise

Fasttech Transformer is not just a manufacturer; we are a **promise of excellence, reliability, and progress**. Our luxurious touch lies not in extravagance but in the **refined quality, unmatched performance, and enduring trust** that each of our products delivers.

We promise to:

- Lead with innovation.
- Deliver beyond expectations.
- Uphold values of honesty, responsibility, and commitment.
- Create solutions that enrich lives, empower industries, and elevate farming.

➤ Conclusion

Fasttech Transformer's story is one of **passion, perfection, and progress**. From 2007 until today, our journey has been guided by one goal — to bring **luxury in performance and reliability in service** to every customer we serve. Whether it's the powerful hum of a transformer lighting up industries or the rhythmic efficiency of a Zataka Machine empowering a farmer, our products symbolize **strength, trust, and excellence**.

We are proud of our heritage, confident in our present, and ambitious about our future. With every transformer we build and every machine we design, we take one step closer to fulfilling our vision of **powering the world with premium, sustainable, and luxurious solutions**.

Fasttech 8KV DC Solar Zataka Machine

The Fasttech 8KV DC Zataka Machine Transformer is a reliable and powerful solution for modern farming needs. Specially designed for agricultural fields ranging from **1 to 30 acres**, this machine provides effective protection against wild animals and intruders, ensuring the safety of your crops. Built with a durable **PPCP (Polypropylene Copolymer) body**, it guarantees long-lasting performance and resistance to harsh outdoor conditions.

With a strong **8KV DC output**, this Zataka Machine ensures maximum efficiency while being user-friendly and comfortable to operate. Backed by a **1-year warranty**, it offers farmers peace of mind and dependable service for their fields.

Specifications

- **Product Name:** 8KV DC Zataka Machine Transformer
- **Coverage Area:** Suitable for **1 to 30 acres**
- **Output Power:** 8KV DC (high-performance electric pulse output)
- **Body Material:** PPCP (Polypropylene Copolymer) – strong, weather-resistant, and lightweight
- **Warranty:** 1 Year (manufacturer's warranty)
- **Usage:** Ideal for agricultural fields, crop protection, and farm security
- **Operation:** Comfortable, efficient, and farmer-friendly design
- **Applications:** Protects farms from animals like nilgai, wild boars, cattle, and other intruders

Key Benefits:

- High-voltage protection for crops.
- Wide coverage up to 30 acres.
- Durable PPCP body ensures long life.
- Low maintenance, easy operation.
- Backed by a reliable 1-year warranty.

Fasttech 12KV DC Solar Zataka Machine

The **12KV DC Zataka Machine Transformer** is a premium-quality agricultural solution designed to protect farmlands effectively and reliably. Built with advanced technology and durable **PPCP (Polypropylene Copolymer Plastic) body**, this machine ensures long-lasting performance under diverse weather conditions. It is engineered to comfortably cover **1 to 30 acres of farmland**, making it an ideal choice for both small and large-scale farmers.

With a **high-voltage 12KV DC output**, the machine provides strong and consistent protection against wild animals such as nilgai, wild boars, elephants, and other crop-intruding animals. Its robust transformer system guarantees efficient power supply, while the sleek and safe design ensures ease of use for farmers. Backed by a **1-year warranty**, this Zataka Machine offers both peace of mind and superior farm security.

Specifications

- **Model:** 12KV DC Zataka Machine Transformer
- **Coverage Capacity:** Suitable for **1 to 30 acres** of farmland
- **Body Material:** **PPCP (Polypropylene Copolymer Plastic)** – lightweight, weather-resistant, and highly durable
- **Applications:** Protects crops from wild animals such as nilgai, wild boars, elephants, deer, and cattle
- **Operation:** Comfortable and reliable, long working hours
- **Durability:** Rust-proof, heat-resistant PPCP body ensures longevity
- **Warranty:** **1 Year manufacturer warranty** for hassle-free use

Key Benefits:

- High-voltage protection for crops.
- Wide coverage up to 30 acres.
- Durable PPCP body ensures long life.
- Low maintenance, easy operation.
- Backed by a reliable 1-year warranty.

Fasttech 15KV DC Solar Zataka Machine

The 15KV DC Zataka Machine with Transformer is a reliable and efficient solution designed for farmers to protect their valuable crops from wild animals such as nilgai, boars, and other intruding species. Built with advanced technology and durable PPCP (Polypropylene Co-Polymer) body, this machine ensures long-lasting performance with minimal maintenance.

Ideal for agricultural lands ranging from **1 acre to 40 acres**, it delivers powerful electric pulses of **15KV DC output**, providing effective protection without harming animals. It's compact, comfortable, and farmer-friendly design makes it easy to install and operate. Backed with a **1-year warranty**, this Zataka Machine is a trusted safeguard for modern farming needs.

Specifications

- Product Type: 15KV DC Zataka Machine with Transformer
- Coverage Capacity: Suitable for 1 to 30 acres of farmland
- Output Voltage: 15KV DC
- Body Material: PPCP (Polypropylene Co-Polymer) – lightweight, strong, and weather-resistant
- Technology: Transformer-based high-voltage generation
- Operation: Comfortable, user-friendly design for farmers
- Durability: Weatherproof and shock-resistant enclosure
- Warranty: 1 Year (manufacturer warranty)

Key Benefits:

- Strong 15KV DC output ensures effective crop protection.
- Covers up to 40 acres of farmland efficiently.
- PPCP body for enhanced durability against weather and impact.
- Low maintenance, long-lasting performance.
- 1-year warranty ensures complete peace of mind for farmers.

Fasttech 18KV DC Solar Zataka Machine

The **18KV DC Zataka Machine with Transformer** is a reliable and high-performance solution designed to protect farmlands from wild animals and intruders. Built with a **durable PPCP body** and advanced transformer technology, this solar fence guard ensures consistent power output while being energy-efficient and farmer-friendly. Suitable for farms ranging from **1 acre to 40 acres**, it delivers powerful protection with a safe and effective **18KV DC output**, creating a strong deterrent for animals without causing harm.

With its **robust construction, easy installation, and 1-year warranty**, this machine is a long-lasting investment for farmers who want peace of mind and complete security for their crops and property.

Specifications

- **Model:** 18KV DC Zataka Machine with Transformer
- **Output Voltage:** 18KV DC (High-Power Electric Pulses)
- **Coverage Area:** Suitable for **1 acre to 40 acres** farmland
- **Body Material:** PPCP (Polypropylene Copolymer) – strong, durable & weather-resistant
- **Power Source:** Solar/Battery Compatible
- **Technology:** Advanced Transformer Technology for stable high-voltage output
- **Indicators:** LED indicators for power, charging, battery, and pulse status
- **Warranty:** 1 Year manufacturer warranty

Key Benefits:

- High efficiency with powerful 18KV output.
- Durable PPCP body for all-weather use.
- Easy to install and maintain.
- Wide coverage up to 40 acres.
- Backed by 1-year warranty for peace of mind.

Fasttech 15KV DC Solar Zataka Machine

The **15KV DC Transformer** is a powerful and efficient solution designed for modern farming and agricultural needs. Engineered with durability and user comfort in mind, it ensures reliable performance for farms ranging from **1 to 40 acres**. Built with a high-quality **PPCP body**, the transformer is lightweight yet sturdy, resistant to weather, and suitable for long-term outdoor use. Equipped with advanced features like a **USB device interface**, it provides convenience and ease of operation for today's farmers. With a **1-year warranty**, this transformer guarantees peace of mind and dependable service.

Specifications

- **Model:** 15KV DC Transformer
- **Voltage Output:** 15KV DC
- **Coverage Capacity:** Suitable for **1 to 40 acres**
- **Body Material:** Premium PPCP (Polypropylene Copolymer) – rustproof, durable, and weather-resistant
- **Feature:** Integrated **USB Device**
- **Comfort Level:** Designed for user-friendly operation
- **Warranty:** 1 Year Manufacturer Warranty

Key Benefits:

- **Wide Coverage** – Efficiently supports farms from **1 acre up to 40 acres**.
- **Durable PPCP Body** – Ensures **long life, weather resistance, and strength**.
- **User Comfort** – Simplified design for **easy operation and handling**.
- **Reliable Performance** – Provides **stable and consistent output** for farming needs.
- **Peace of Mind** – Comes with a **1-year warranty** for customer assurance.

Fasttech 15KV DC Solar Zataka Machine

The **15KV DC Transformer** is a high-performance farming equipment designed to deliver reliable power for agricultural applications across **1 to 30 acres**. Built with advanced technology and user-friendly features, it ensures smooth and efficient operation. Its **digital display** provides real-time monitoring, while the **durable ABS body** guarantees long-lasting protection against harsh outdoor conditions. Backed by a **1-year warranty**, this transformer is a trusted solution for farmers who value efficiency, safety, and durability.

Specifications

- **Model:** 15KV DC Transformer
- **Voltage Capacity:** 15KV DC
- **Coverage Capacity:** Suitable for 1 to 30 acres
- **Body Material:** High-strength **ABS plastic** (lightweight, durable & weather-resistant)
- **Display:** Built-in **Digital Display** for monitoring
- **Warranty:** **1 Year** manufacturer warranty
- **Design:** Compact, easy to install, and low maintenance
- **Usage:** Ideal for farming and agricultural power applications

Key Benefits:

- Efficiently supports operations across **1 to 30 acres** of farmland.
- Real-time monitoring for ease of use and better control.
- Lightweight, rust-free, weather-resistant & built for long life.
- Optimized design ensures reliable performance with low power loss.
- Comfortable handling, easy installation & minimal maintenance.
- Backed by **1-Year Warranty** for peace of mind.

Fasttech 18KV DC Solar Zataka Machine

The **18KV DC Transformer** is a high-performance and reliable power solution designed for agricultural and industrial use. Built with a **durable metal body**, it ensures long-lasting performance even in challenging environments. Its design is tailored for **1 to 40 acre coverage**, making it suitable for medium to large farms and fields. With easy installation and user-friendly operation, this transformer delivers both **comfort and efficiency**. Backed by a **1-year warranty**, it guarantees peace of mind and dependable service.

Specifications

- **Model:** 18KV DC Transformer
- **Voltage Capacity:** 18,000V DC output
- **Coverage Area:** Suitable for **1 to 40 acres**
- **Body Material:** Heavy-duty **metal body** for durability and strength
- **Design:** Comfortable, safe, and easy to operate
- **Warranty:** 1 Year (manufacturer's warranty)
- **Application:** Agriculture, farming, and industrial purposes

Key Benefits:

- Efficiently supports areas ranging from **1 to 40 acres**.
- Robust **metal body** protects against wear, tear, and harsh conditions.
- User-friendly design makes it easy to handle and maintain.
- Provides **consistent power output** for high efficiency.
- Backed by a **1-year warranty** ensuring product reliability and service support.

Fasttech 8KV AC DC Solar Zataka Machine

The AC/DC Machine with 8KV Transformer is a reliable, high-performance solution designed for agricultural and industrial needs. Engineered with a **durable PPCP body**, it ensures long-lasting use even in challenging outdoor conditions. With the power to cover **1 to 30 acres**, this machine is perfectly suited for medium to large-scale applications. Built for comfort, safety, and efficiency, it comes with the assurance of a **1-year warranty** for complete peace of mind.

Specifications

- **Model:** AC/DC Machine with 8KV Transformer
- **Voltage Capacity:** 8KV
- **Coverage Area:** Suitable for **1 to 30 acres**
- **Body Material:** High-strength PPCP (Polypropylene Copolymer)
- **Power Mode:** Compatible with both AC & DC supply
- **Warranty:** **1 Year** against manufacturing defects
- **Design:** Comfortable and user-friendly for easy handling

Key Benefits:

- Works efficiently with both AC and DC supply.
- Effectively supports land areas from **1 to 30 acres**.
- Built with **PPCP material** for enhanced toughness and long life.
- Powered by an **8KV transformer** to ensure stable and secure performance.
- Comfortable operation, low maintenance, and easy installation.
- Comes with a **1-year warranty** for guaranteed product support.

Fasttech 12KV AC DC Solar Zataka Machine

The AC/DC Machine with 12KV Transformer is a powerful and durable solution designed to meet the demands of modern agriculture and industrial applications. With the ability to cover **1 to 40 acres**, it ensures maximum efficiency and reliability. Built with a **robust PPCP body**, the machine offers superior strength, weather resistance, and long-lasting durability. Designed for user comfort and backed with a **1-year warranty**, it delivers dependable performance with minimal maintenance.

Specifications

- **Model:** AC/DC Machine with 12KV Transformer
- **Voltage Capacity:** 12KV
- **Coverage Area:** Suitable for **1 to 40 acres**
- **Body Material:** High-strength PPCP (Polypropylene Copolymer)
- **Power Compatibility:** Works with both AC & DC supply
- **Design:** Comfortable, user-friendly, and low-maintenance
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- 12KV transformer ensures strong, stable, and efficient operation.
- Designed to cover **up to 40 acres**, ideal for medium to large-scale use.
- Operates smoothly with both AC & DC supply.
- Crafted with **PPCP body** for long-lasting durability and weather resistance.
- Ergonomic and user-friendly design ensures easy operation.
- Backed by a **1-year warranty** for reliability and trust.

Fasttech 15KV AC DC Solar Zataka Machine

The AC/DC Machine with 15KV Transformer is a powerful and durable solution engineered to meet the demands of modern agriculture and industrial applications. Built with a **high-strength PPCP body**, it ensures durability, weather resistance, and long service life. Designed to cover **1 to 40 acres**, this machine provides reliable and efficient performance across large fields. Its **comfortable, user-friendly design** combined with advanced safety features makes it an ideal choice for farmers and professionals. Backed by a **1-year warranty**, this machine delivers both performance and peace of mind.

Specifications

- **Model:** AC/DC Machine with 15KV Transformer
- **Voltage Capacity:** 15KV
- **Coverage Area:** Suitable for 1 to 40 acres
- **Body Material:** Durable PPCP (Polypropylene Copolymer)
- **Power Mode:** Works with both AC & DC supply
- **Design:** Comfortable and easy-to-use operation
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- 15KV transformer ensures stable, efficient, and powerful operation.
- Operates seamlessly with both **AC & DC supply**.
- Operates smoothly with both **AC & DC supply**.
- Effectively supports **1 to 40 acres**, making it ideal for medium to large-scale usage.
- Constructed with **rugged PPCP body** for long-lasting protection against wear and weather.
- Easy to handle, simple to install, and low maintenance.
- Backed by a **1-year warranty** for complete customer assurance.

Fasttech 18KV AC DC Solar Zataka Machine

The **AC/DC Machine with 18KV Transformer** is a powerful and reliable solution built to meet the demands of modern farming and industrial applications. Designed with a **rugged PPCP body**, it ensures long-lasting durability and resistance against harsh weather conditions. Suitable for **1 to 40 acres of coverage**, this machine delivers high performance with safety and comfort in operation. Backed by a **1-year warranty**, it guarantees efficiency and peace of mind for every user.

Specifications

- **Model:** AC/DC Machine with 18KV Transformer
- **Voltage Capacity:** 18KV
- **Coverage Area:** Designed for **1 to 40 acres**
- **Body Material:** Heavy-duty PPCP (Polypropylene Copolymer)
- **Power Supply:** Operates on both **AC & DC** modes
- **Design:** Comfortable and user-friendly
- **Warranty:** **1 Year** (against manufacturing defects)

Key Benefits:

- Equipped with an **18KV transformer** for superior power and stability.
- Efficiently supports land areas ranging from **1 to 40 acres**.
- Works seamlessly on both **AC & DC** supply.
- Made from **PPCP material** for extra strength, toughness, and longer lifespan.
- User-friendly design ensures easy installation and handling.
- Comes with a **1-year warranty** for assured support and service.

Fasttech 18KV DC Solar Zataka Machine

The Aatma Nirbhar Bharat DC Machine with 12KV Transformer is a powerful and reliable solution, designed to meet the needs of modern farming and agricultural applications. Built with a **sturdy ABS body**, it combines strength, durability, and comfort for long-term use in all weather conditions. With the ability to cover **1 to 40 acres**, this machine ensures maximum efficiency and performance. Backed by a **1-year warranty**, it provides peace of mind and dependable service for every farmer.

Specifications

- **Model:** Aatma Nirbhar Bharat DC Machine
- **Transformer Capacity:** 12KV
- **Coverage Area:** Suitable for **1 to 40 acres**
- **Body Material:** Strong and durable **ABS body**
- **Power Type:** DC-operated machine
- **Warranty:** **1 Year** against manufacturing defects
- **Design:** Comfortable, efficient, and user-friendly

Key Benefits:

- Equipped with a **12KV transformer** for superior performance.
- Efficiently works for **1 to 40 acres**, ideal for small to large-scale farming.
- Strong, weather-resistant, and built to last.
- Provides stable and consistent power delivery.
- Ergonomically designed for easy operation and low maintenance.
- Comes with **1-year warranty** for worry-free usage.

Fasttech 18KV DC Solar Zataka Machine

The **12KV DC Transformer** is a powerful, durable, and reliable machine designed to deliver superior performance for agricultural and outdoor applications. Built with a **sturdy ABS body and ergonomic handle**, it ensures strength, portability, and long-lasting use in all conditions. Suitable for **1 to 30 acres of coverage**, this machine is engineered for both comfort and efficiency. Backed by a **1-year warranty**, it guarantees dependable service with minimal maintenance.

Specifications

- **Model:** 12KV DC Transformer
- **Voltage Capacity:** 12KV
- **Coverage Area:** Ideal for 1 to 30 acres
- **Power Supply:** DC Powered
- **Body Material:** High-strength ABS (Acrylonitrile Butadiene Styrene)
- **Design:** Comfortable with a **built-in handle** for portability
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- Ensures strong and consistent performance.
- Efficient for land areas between **1 to 30 acres**.
- Equipped with a **handle** for easy carrying and installation.
- Strong, lightweight, and resistant to impact and weather.
- DC-powered for stable and long-lasting operation.
- Comes with a **1-year warranty** for worry-free usage.

Fasttech 12KV AC DC Solar Zataka Machine

The AC/DC Machine with 12KV Transformer is a heavy-duty, high-performance solution built to deliver reliable power and efficiency. Designed with a **strong metal body**, it offers maximum durability and resistance against outdoor conditions. Suitable for **1 to 30 acres**, this transformer is engineered for versatile use in agricultural and industrial setups. With its **comfortable design** and **AC/DC compatibility**, it ensures ease of use, long-lasting performance, and peace of mind backed by a **1-year warranty**.

Specifications

- **Model:** AC/DC Machine – 12KV Transformer
- **Voltage Capacity:** 12KV
- **Coverage Area:** Designed for **1 to 30 acres**
- **Power Supply:** Compatible with both AC & DC
- **Body Material:** Heavy-duty Metal Body
- **Design:** Comfortable, robust, and long-lasting
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- Works with both AC and DC supply for maximum flexibility.
- Ensures strong, stable, and reliable performance.
- Suitable for **1 to 30 acres**, making it ideal for medium to large areas.
- Provides superior strength, longevity, and resistance to environmental stress.
- Designed for easy handling and smooth operation.
- Comes with a **1-year warranty** for hassle-free service.

Fasttech 15KV AC DC Solar Zataka Machine

The AC/DC Machine with 15KV Transformer is a high-performance and heavy-duty solution designed for large-scale agricultural and industrial use. Built with a **robust metal body**, it provides exceptional durability and reliability in all weather conditions. Covering up to **1 to 40 acres**, this machine is perfect for farmers and professionals who need strong, stable, and long-lasting power support. Its **comfortable design** ensures ease of use, while a **1-year warranty** offers complete peace of mind.

Specifications

- **Model:** AC/DC Machine with 15KV Transformer
- **Voltage Capacity:** 15KV
- **Coverage Area:** Suitable for 1 to 40 acres
- **Power Supply:** Works with AC & DC input
- **Body Material:** Heavy-duty Metal for extra strength
- **Design:** Comfortable, reliable, and long-lasting
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- **Dual Power Compatibility** – Operates seamlessly with both AC and DC power sources.
- **High Voltage Capacity (15KV)** – Ensures powerful and consistent performance for larger areas.
- **Extended Coverage** – Effective for **1 to 40 acres**, ideal for big farms and industrial sites.
- **Heavy-Duty Metal Body** – Built tough for durability, stability, and long service life.
- **Reliable & Comfortable** – Designed for ease of use with minimal maintenance.
- **Peace of Mind** – Backed by a **1-year warranty** for dependable performance.

Fasttech 18KV AC DC Solar Zataka Machine

The AC/DC Machine with 18KV Transformer is a heavy-duty, high-performance solution designed to deliver maximum reliability and power. Built with a **durable metal body**, it ensures rugged strength, stability, and long service life, even in challenging environments. Engineered for **1 to 40 acres of coverage**, this machine is ideal for large-scale agricultural and industrial applications. Its **comfortable and user-friendly design** makes operation hassle-free, while the **1-year warranty** provides confidence and peace of mind.

Specifications

- **Model:** AC/DC Machine with 18KV Transformer
- **Voltage Capacity:** 18KV
- **Coverage Area:** Suitable for 1 to 40 acres
- **Power Supply:** AC & DC compatible
- **Body Material:** Heavy-duty Metal Body
- **Design:** Sturdy, reliable, and comfortable for continuous operation
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- **Dual Power Mode** – Works seamlessly with **both AC & DC supply**.
- **High Voltage Performance (18KV)** – Ensures powerful, efficient, and stable output.
- **Extended Coverage** – Designed to support large fields up to **40 acres**.
- **Rugged Metal Body** – Strong, durable, and resistant to wear and tear.
- **User-Friendly Design** – Comfortable to use, reliable in performance, and low maintenance.
- **Peace of Mind** – Backed by a **1-year warranty** for assured product reliability.

Fasttech 8KV Transformers

The **Fasttech 8KV Transformer** is a high-performance and durable solution designed for reliable power transformation. Built with precision engineering and a **robust body design**, it ensures long-lasting efficiency in demanding conditions. With the capability to support **1 to 30 acres**, this transformer is ideal for agricultural, industrial, and outdoor applications. Its **compact and comfortable design** makes installation and handling effortless, while the **1-year warranty** guarantees worry-free performance.

Specifications

- **Brand:** Fasttech Transformer
- **Model:** 8KV Transformer
- **Voltage Capacity:** 8KV
- **Coverage Area:** Suitable for 1 to 30 acres
- **Body Material:** Durable, high-quality construction
- **Design:** Compact, safe, and user-friendly
- **Power Supply:** Compatible with AC/DC machine setups
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- **High Voltage Stability (8KV)** – Ensures powerful and consistent performance.
- **Wide Coverage Capacity** – Perfect for agricultural fields and setups up to 30 acres.
- **Durable Build Quality** – Strong and long-lasting body for reliable outdoor usage.
- **Safe & Reliable** – Designed for efficient, stable, and secure power transformation.
- **Compact & User-Friendly** – Easy to install, handle, and maintain.
- **Trusted Warranty Support** – Backed by a **1-year warranty** for peace of mind.

Fasttech 12KV Transformers

The **Fasttech 12KV Transformer** is a powerful, reliable, and high-performance solution designed to handle demanding applications with ease. Built with a **durable ABS body**, it combines strength, safety, and longevity, making it suitable for agricultural and industrial operations. Engineered to efficiently cover **1 to 30 acres**, this transformer delivers consistent performance with a **user-friendly and comfortable design**. With **1-year warranty assurance**, it stands as a trusted choice for dependable power transformation.

Specifications

- **Brand:** Fasttech Transformer
- **Model:** 12KV Transformer
- **Voltage Capacity:** 12KV
- **Coverage Area:** Suitable for 1 to 30 acres
- **Body Material:** ABS (Acrylonitrile Butadiene Styrene) – strong, durable, and impact-resistant
- **Design:** Comfortable handling with compact and safe construction
- **Power Supply:** DC Transformer (Stable performance)
- **Warranty:** 1 Year (against manufacturing defects)

Key Benefits:

- **High Voltage Power (12KV)** – Provides strong and reliable output.
- **Wide Coverage Range** – Effective for land sizes up to **30 acres**.
- **Durable ABS Body** – Strong, lightweight, and resistant to outdoor wear & tear.
- **Compact & Portable** – Easy to install, handle, and maintain.
- **Stable & Reliable** – Ensures consistent performance with DC supply.
- **1-Year Warranty** – Peace of mind with quality assurance and after-sales support.

Fasttech 15KV Transformers

The **Fasttech 15KV Transformer** is a high-voltage, premium-grade solution engineered for **power stability, durability, and wide coverage**. Designed with a **robust ABS body**, it offers long-lasting strength and protection against wear and tear. Ideal for **1 to 40 acres**, this transformer is well-suited for both agricultural and industrial operations. With its **comfortable, compact design** and **1-year warranty**, the 15KV model ensures dependable performance, safety, and peace of mind.

Specifications

- **Brand:** Fasttech Transformer
- **Model:** 15KV Transformer
- **Voltage Capacity:** 15KV
- **Coverage Area:** Supports **1 to 35 acres**
- **Body Material:** ABS (Acrylonitrile Butadiene Styrene) – impact-resistant and durable
- **Design:** Compact, comfortable, and user-friendly
- **Power Supply:** DC Transformer (Stable and efficient performance)
- **Warranty:** **1 Year** (against manufacturing defects)

Key Benefits:

- **Powerful Output (15KV)** – Strong and consistent energy for reliable operations.
- **Wide Coverage Range** – Efficient for **1 to 40 acres**, suitable for larger areas.
- **Durable ABS Body** – Sturdy, lightweight, and resistant to environmental stress.
- **Efficient Performance** – Ensures smooth, stable, and safe power transformation.
- **Warranty Protection** – Backed by **1-year warranty** for customer assurance.

Fasttech 18KV Transformers

The **Fasttech 18KV Transformer** is a **heavy-duty, high-capacity solution** built for superior reliability and performance. Engineered with a **rugged metal body**, it is designed to withstand extreme conditions while ensuring long service life. Ideal for **1 to 40 acres**, this transformer is a perfect choice for large-scale agricultural and industrial operations. With its **comfortable design, high-voltage stability, and a 1-year warranty**, the 18KV model delivers consistent results and peace of mind.

Specifications

- **Brand:** Fasttech Transformer
- **Model:** 18KV Transformer
- **Voltage Capacity:** 18KV
- **Coverage Area:** Suitable for **1 to 40 acres**
- **Body Material:** **Heavy-duty Metal Body** (corrosion & impact-resistant)
- **Design:** Sturdy, comfortable, and long-lasting
- **Power Supply:** AC/DC Machine Compatible
- **Warranty:** **1 Year** (against manufacturing defects)

Key Benefits:

- **High Voltage Capacity (18KV)** – Ensures powerful and stable performance for demanding applications.
- **Wide Area Coverage** – Designed to cover up to **40 acres**, ideal for large-scale operations.
- **Rugged Metal Body** – Built for durability, strength, and resistance to wear and tear.
- **Dual Power Mode** – Compatible with **both AC and DC machines**.
- **Efficient & Reliable** – Provides safe, consistent, and long-term operation.
- **Peace of Mind Warranty** – Backed by **1-year warranty** for guaranteed reliability.
