EGES has now also entered into new segment of Household / Cleaning Products. (Glass Cleaner / Floor Cleaner / Toilet Cleaner), Manufacturing / Trading of Carbomer Powder & Automotive & Industry Accessories as Diesel Exhaust Fluid (D.E.F.)

## Our Vision

---

To be a leading provider of high-quality, innovative, and eco-friendly solutions across multiple industries, enhancing the well-being of people and the environment through our diverse range of essential products.

## Our Mission

---

Our mission is to manufacture and deliver superior products that meet the diverse needs of our clients while upholding the highest standards of quality, safety, and environmental responsibility. We are committed to continuous innovation, customer satisfaction, and sustainable practices.

## Our Core Values

---

- **Quality** : We are committed to producing products that exceed customer expectations in both performance and safety, ensuring consistency and reliability.
- **Integrity** : We operate with transparency, honesty, and fairness in all business dealings, ensuring trust with our clients, employees, and partners.
- **Innovation** : We foster creativity and technological advancement to offer solutions that meet the evolving needs of industries and consumers.
- **Sustainability** : We believe in minimizing our environmental footprint by adopting sustainable practices in manufacturing and packaging.
- **Customer Focus** : Our clients' needs are at the heart of everything we do. We strive to build long-lasting relationships by delivering exceptional service and value.
- **Collaboration** : We work together as a team, with our clients, and within the communities we serve to achieve mutual success.

## Clientele

Our clientele includes a wide array of industries that rely on high-quality and specialized products. We serve:

- **Healthcare Providers** : Hospitals, clinics, diagnostic centers, and medical professionals who require Ultrasound Gel, ECG Gel, and other healthcare-related products.
- **Automotive & Industrial** : Manufacturers of vehicles and heavy machinery, using Diesel Exhaust Fluid (DEF) and Battery Water in their operations.
- **Chemical & Pharmaceutical Industries** : Companies needing high-purity water (Distilled Water, DM Water) and ingredients like Carbomer Powder for formulating personal care, pharmaceutical, and industrial products.
- **Cleaning and Hygiene Companies** : Businesses that manufacture or sell cleaning products, benefiting from our Toilet Cleaner, Floor Cleaner, and Glass Cleaner.
- **Retail and Wholesale Distributors** : Retailers looking for high-quality, branded consumer goods and wholesalers distributing bulk cleaning products, gel formulations, and other chemicals.

We take pride in serving a broad range of industries, and our clients trust us to consistently deliver high-quality, safe, and effective products to support their operations.

# SUPERSONIC

## USG-ECG GEL

FORMULATED FOR USE IN DIAGNOSTIC IMAGING AND THERAPEUTIC MEDICAL ULTRASOUND PROCEDURES.”

Discover the strength and durability of our **SUPERSONIC** USG/ECG Gel, available in **100 ML, 250 ML, 500 ML, 1 KG, 5 KG & 20 KG** sizes. Our USG/ECG Gel is a magnificent product that offers excellent conductivity and extraordinary image clarity during ultrasound procedures. Compared to other ultrasound gels in the market, our USG/ECG Gel is top in terms of quality and performance.

Our **SUPERSONIC** USG/ECG Gel is specially formulated to provide a comfortable and smooth experience for patients during ultrasound & ECG procedures. It is easy to apply and remove, making it a convenient choice for medical professionals. With over 10.0 years of experience in the industry, we have perfected our USG/ECG Gel to meet the highest standards of quality and reliability.

Marvelous features of our **SUPERSONIC** USG/ECG Gel include **its Ideal Coupling Medium For Ultrasound Transmission and Doppler Procedures, Non Greasy, Water Soluble and Hypo Allergic, Its is Stain Free, Non-irritating, non-Toxic , Suitable for Both Short & Long term Monitoring, Bacteriostatic, non-irritating formula, Acoustically optimized for all frequency range , Highly Conductive, Safe for Transducer easy-to-use consistency, and long-lasting shelf life.** Choose our USG/ECG Gel for your medical needs and experience the perfect blend of quality and affordability.

At a limited time, we offer the lowest price for our USG/ECG Gel without compromising on its quality. Our USG/ECG Gel is suitable for a wide range of applications, including obstetrics, gynecology, cardiology, and more. As a manufacturer, distributor, supplier, trader, wholesaler, retailer, dealer and producer, We have a supply ability in the domestic market all over India and are exporters to Africa, Asia, Australia, Central America, Eastern Europe, Middle East, North America, South America, and Western Europe.

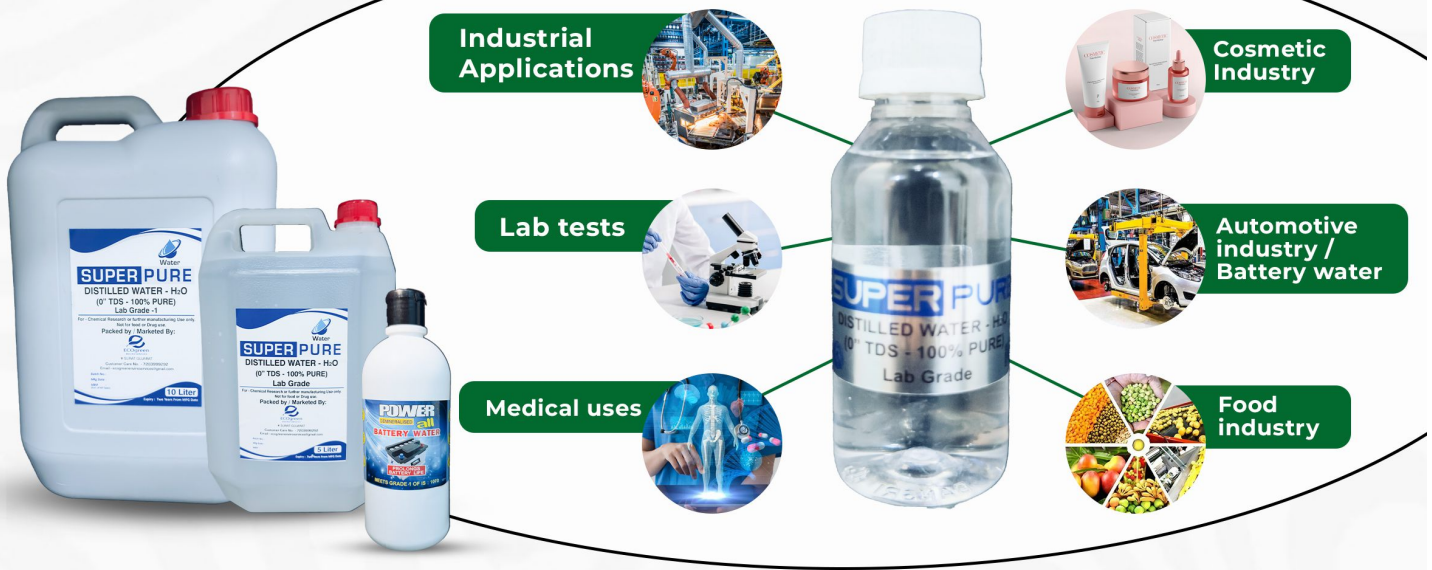

## USES & SCOPE

- Identifying Embryos on the Monitor
- Ultrasound / Sonography Examination
- Sound and Vibration System
- Physio Therapy
- Electro cardio graphy / Electro medical tests
- Diagnostic and therapeutic medical ultrasound procedures

# SUPERPURE

## Distilled / DM WATER

**SUPERPURE** (0” TDS-100% PURE, LAB GRADE) FOR CHEMICAL RESEARCH OR FURTHER MANUFACTURING USE ONLY. **NOT FOR FOOD OR NOT FOR DRUG USE OR NOT FOR DRINKING PURPOSE**

### **SUPERPURE DISTILLED WATER**

DM Water is ultra-purified water free of minerals, salts, and ions, specifically designed for applications requiring high water purity. It is produced using advanced ion-exchange, reverse osmosis, or distillation processes to meet stringent industrial and laboratory standards.

Available in Packaging Options: Bulk Supply: Tanker or container & Small Volumes: **100ML, 1L, 5L, 10L, 20L, 50L or 200L** drums. Also Customized Packaging: On request.

### **PRODUCT FEATURES:**

1. Ultra-low conductivity for high purity.
2. Free from ions such as calcium, magnesium, sodium, and chloride.
3. Stable chemical composition for diverse applications.
4. High reliability and quality consistency.

### **USES & SCOPE**

- Industrial Applications
- Cooling Towers
- Pharmaceuticals
- Laboratories
- Boiler Feed Water
- Cosmetics
- Electronics Manufacturing
- Automotive
- Medical

# SUPERCLEAN

## Glass Cleaner

Unlock the advantages of our **SUPERCLEAN** Glass Cleaner and experience unmatched cleaning with our **SUPERCLEAN** Trigger Spray Glass Cleaner-**500 ML** and **SUPERCLEAN** GLASS CLEANER **5 Ltr**. Our remarkable Glass Cleaner is designed to provide immaculate cleaning for all types of glass surfaces. With over 10.0 years of experience in the industry, we have established ourselves as a top manufacturer, supplier, and trader of Glass Cleaner in the market.

Our new release Glass Cleaner is a top choice for instant savings and is available for supply in the domestic market across All India. We are also exporters to various regions including Africa, Asia, Australia, Central America, Eastern Europe, Middle East, North America, South America, and Western Europe.

### Key Considerations:

- Streak-Free Formula
- Non-Toxic & Safe Ingredients
- Versatility
- Eco-Friendly and Non-Toxic Alternatives

### Glass Cleaner: Use & Scope

**Use:** A glass cleaner is a specialized cleaning solution designed to remove dirt, grime, smudges, and fingerprints from glass surfaces, leaving them streak-free and clear. Glass cleaners are commonly used for:

#### USES

- Windows / Mirrors
- Glass Table tops & Furniture
- Car Windows
- Glass Doors & Partitions
- Electronics

#### SCOPE

- Residential Use
- Commercial Use
- Automotive Use
- Industrial/Professional Cleaning

# SUPERCLEAN

## Floor Cleaner

Discover the strength and durability of our Floor Cleaner, available in two variants - **SUPERCLEAN FLOOR CLEANER-5 Ltr** and **SUPERCLEAN FLOOR CLEANER-500 ML**. Our new release **SUPERCLEAN** Floor Cleaner is in demand and comes with a discount. With over 10.0 years of experience in manufacturing, supplying, and trading, our Floor Cleaner is unmatched and incomparable in its cleaning abilities. **Its prime features include its ability to remove tough stains, its pleasant fragrance, and its long-lasting effect. Our Floor Cleaner is suitable for all types of floors and is easy to use.** It is the perfect solution for maintaining the cleanliness and hygiene of your home or office. We have a supply ability in the domestic market all over India and are exporters to Africa, Asia, Australia, Central America, Eastern Europe, Middle East, North America, South America, and Western Europe. Try our Floor Cleaner today and experience the difference!

### Key Considerations:

- **Floor Compatibility:** All type of Surfaces / Floors / Materials
- **Fragrance:** Rose / Lavender / Citrus
- **Effectiveness:** 100%

### Floor Cleaner: Use & Scope

**Use:** A floor cleaner is a cleaning solution designed to remove dirt, stains, and other debris from various types of flooring. Depending on the formulation, floor cleaners can be used for routine cleaning and deep cleaning of surfaces like wood, tile, laminate, vinyl, concrete, and stone. Here are the common uses:

#### USES

- General Cleaning
- Stain Removal
- Polishing and Shining
- Wood Care
- Tile and Grout Cleaning

#### SCOPE

- Homes & Apartments
- Wood Floors
- Pet Owners
- Offices & Retail Stores
- Hospitals, Schools, and Hotels
- Factories & Warehouses

# SUPERCLEAN

## Toilet Cleaner

Unlock the advantages of our **SUPERCLEAN** Toilet Cleaner, available in three sizes - **500 ML, 1 Ltr and 5 Ltr**. As a manufacturer, supplier, and trader, we take pride in offering a product that is unparalleled in its effectiveness. Personalize your cleaning routine with our **SUPERCLEAN** Toilet Cleaner, which is trending in the market due to its marvelous features. You can easily order our product, which has a supply ability in the domestic market all over India and is also exported to Africa, Asia, Australia, Central America, Eastern Europe, Middle East, North America, South America, and Western Europe.

Our **SUPERCLEAN** Toilet Cleaner has been designed to provide supreme cleaning power, making it the perfect solution for all your toilet cleaning needs. With over 10 years of experience, we have perfected the formula to ensure that our product is not only effective but also safe to use. Here are five advantages and features of our **SUPERCLEAN** Toilet Cleaner:

### USES & SCOPE

- Household Use
- Offices and Buildings
- Restaurants, Hotels, and Hospitality
- Public Restrooms
- Industrial and Institutional Use
- Factories and Warehouses
- Schools and Hospitals

# PUREPOL

## Carbomer Powder

Our **PUREPOL** Carbomer (Powder / Liquid) is a synthetic polymer widely used in various industries, particularly in the personal care, cosmetic, pharmaceutical, and industrial sectors. When mixed with water, **carbomer forms a gel-like substance and serves as a thickening, emulsifying, or stabilizing agent. It improves the texture and viscosity of products like gels, creams, and lotions. Carbomers can form clear, stable gels and are commonly found in skin care products, hair styling gels, and topical medications.** They are usually used in low concentrations and are compatible with a variety of ingredients.

Our **PUREPOL** Carbomer (Powder / Liquid) is available in standard packing and bulk as **20 kg** and **1000 kg** options. Our Products is of spectacular quality, with impeccable performance and top-notch reliability. With over 10.0 years of experience in the industry, we are a trusted manufacturer, distributor, supplier, trader, wholesaler, retailer, dealer, and producer of Carbomer Powder.

Our products are available at the lowest prices, with hot deals and discounts regularly offered. We have a supply ability in the domestic market all over India and are exporters to Africa, Asia, Australia, Central America, Eastern Europe, Middle East, North America, South America, and Western Europe, ensuring that our customers have access to our products wherever they are located. Choose our Carbomer Powder for a reliable and cost-effective solution to industry needs.

### Carbomer Powder: Use & Scope

#### Used As:

- **Thickening Agent** : Carbomer is commonly used in cosmetic and pharmaceutical formulations to increase viscosity and create thick gels or creams. It is often found in products like lotions, shampoos, and toothpaste.
- **Emulsifier** : In creams and lotions, carbomer helps stabilize the mixture of oil and water-based ingredients, preventing separation and enhancing the texture of the product.

- **Stabilizer in Formulations** : Carbomer acts as a stabilizer in products like sunscreens, where it helps maintain consistency and prevent ingredient separation over time.
- **Gel Formation** : Carbomer powder, when hydrated, forms a clear, non-greasy gel. This is especially useful in products like hair gels, topical gels (for medication or skin care), and hand sanitizers.
- **Pharmaceutical Applications** : Carbomer is used in the formulation of oral or topical pharmaceutical products, particularly for creating controlled-release medications. It is often used in topical treatments for burns, wounds, or other skin conditions because it helps retain moisture.
- **Cosmetic Applications** : In cosmetic products, carbomer helps enhance the product's texture and ease of application, providing a smooth, pleasant feel. It is used in makeup products, including foundations, primers, and serums.
- **Water-Soluble Gel** : Carbomer can be used in water-based gels, making it useful in wound healing, personal hygiene products (like gels for shaving), and various topical treatments.
- **Controlled-Release Systems** : Carbomer can be used in drug delivery systems that control the release rate of active ingredients over time, especially in tablets or other oral dosage forms.

## Enhancing Viscosity and Stability

## Scope:

- **Cosmetics and Personal Care**
  - > Skin Care Products
  - > Hair Care Products
  - > Makeup Products
- **Industrial and Household Applications**
  - > Paints and Coatings
  - > Cleaning Products
