About Us

Ocean Chemicals strives to manufacture top-quality cleaning chemicals that yield maximum cleanliness without harming fabrics and the environment. We are a manufacturer, supplier, and wholesaler specializing in providing innovative detergent chemicals to meet the diverse cleaning requirements of homes and businesses. This dedication to quality and performance is expressed through our products, such as kevy matic washing powder, kevy detergent powder, rectangle kevy detergent bar, kevy blue detergent cake, kevy liquid detergent, and dish wash bar.

Our state-of-the-art formulations are created to fight strong stains with increased dirt-removing power, providing efficient cleaning with active enzyme technology and color protection against fabric loss. The phosphate-free and biodegradable ingredients of our products make them eco-friendly, giving a clean conscience with each use without harming nature. Our product is concentrated, so fewer quantities of it are needed with each wash, being cost-effective while still delivering results. Being compatible with machines as well as hand washing, our detergents perform well in cold and hot temperatures, making clothes odor & residue-free, soft, and fresh. The antibacterial property provides hygienic cleaning and a longer-lasting signature fresh fragrance.
