ALUMINIUM ARMoured CABLE

About Us

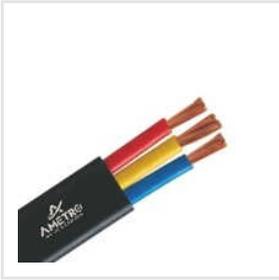

Established in 2006 in New Delhi, Ametro Enterprises is a trusted manufacturer and supplier of high-quality electrical wires and cables. With a focus on performance, reliability, and long-term value, the company serves a wide customer base that includes industrial users, infrastructure developers, and domestic buyers. Our leadership team prioritizes excellence in every product line, ensuring that each cable meets stringent electrical and safety requirements. As a forward-looking organization, we continuously upgrade our capabilities to support India's evolving power and energy sector.

We offer a diverse range of essential wiring solutions designed to deliver dependable conductivity and consistent power transmission. Our portfolio includes Submersible Wire, Copper Armoured Cable, Solar DC Cable, House Wire and Service Wire. Each product is engineered with precision using premium raw materials and modern manufacturing practices. We maintain strong quality protocols to ensure that all items meet industry benchmarks and provide users with long-term performance. Our manufacturing unit is supported by modern machinery, skilled technicians, and a systematic workflow that enables efficient production. The company invests in new technologies to improve output, maintain dimensional accuracy, and enhance material strength. With an emphasis on continuous improvement, our team works to optimize processes and deliver products that reflect the latest advancements in electrical engineering. This robust infrastructure allows us to respond quickly to customer demands and manage large-scale orders without compromising on quality.
