About Us

Tara Medical Enterprise is dedicated to providing innovative respiratory care solutions with a well-chosen line of CPAP, BiPAP, and oxygen therapy products. Being a trader and supplier, our mission is firm, to deliver high-performing medical devices that provide comfort, mobility, and efficiency in the life of the patient. With an array including resmed airmini portable cpap machine, resmed s9 auto set cpap machine, devilbiss-sleepcube dv-54 auto cpap machine, philips dreamstation cpap machine, resmed bipap mask, philips cpap mask, cpap and bipap filter, and compact 525 devilbiss oxygen concentrator, stress is put on access, reliability, and innovation in breathing care.

Every product is designed with considerations that indicate an in-depth understanding of patient requirements, whisper-silent operation for noise-free sleep, travel-friendly miniaturized designs, waterless humidification technology, and compatibility with smartphones to monitor therapy in real-time. Our products include prescription-free choices, automatic altitude sensing, memory foam cushioning to improve seal, and a smart start feature to allow easy therapy onset. Every product represents easy use, ergonomic fit, low maintenance, and enhanced performance in delivering oxygen and cleaning air
