

HIGH PRESSURE PUMP

Customer Satisfaction Is Our Priority

500 LPH RO Plant, 5000 LPH RO Plant, Commercial RO Plant, Domestic Water Softener, SS RO plant, SS Water Cooler, SS Water Cooler With RO Purifier, Vertical Multistage Pump, etc.

SS RO PLANT

5000 LPH RO PLANT

COMMERCIAL RO PLANT

About Us

Filtroniq Systems is busy in the provision of modern water treatment and purification systems that are capable of supporting the increased need for a safe, clean, and reliable water supply in residential, commercial, and industrial use. As a manufacturer, supplier, or trader, it is all about developing systems that will be high-performance, durable, and efficient in their operations to enable long-term use with minimum maintenance. Solutions offered are a commercial RO plant, an SS water cooler, a domestic water softener, and a high-pressure pump; each is designed to meet particular water quality issues in a very engineering-precise and high-quality construction.

Each system is engineered in such a way that it is able to provide a consistent output, higher hygienic standards, and dependable performance even in extreme working conditions. The focus is on the energy-efficient design and corrosion-resistant materials, enhancing service life and minimizing operational costs. Filtroniq Systems operates with the vision of streamlining the treatment of water with the use of technology-based solutions that are practical, economical, and simple to install. All products are designed in consideration of usability to ensure that users in the home as well as industrial operators can enjoy a smooth operation without technical intricacies. Good engineering practices will guarantee that each unit provides consistent performance and reliable outputs in diverse usage conditions.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	commercial ro purifier,carbon filters,presure sand filters,chemical dosing pumps,water softener resins,multiport valves,ro presure tube,frp presure vessel,multistage high presure pump,ultrafiltration membrane
No of Staff	3
Year of Establishment	2022
No of Production Lines	1
OEM Service Provided	No
ProductRange	commercial ro purifier,carbon filters,presure sand filters,chemical dosing pumps,water softener resins,multiport valves,ro presure tube,frp presure vessel,multistage high presure pump,ultrafiltration membrane

Our Products

SS RO Plant

5000 LPH RO Plant

**SS Water Cooler With
RO Purifier**

Commercial RO Plant

**Domestic Water
Softener**

SS Water Cooler

500 LPH RO Plant

**Vertical Multistage
Pump**

ADDRESS

15, Erande Terrace, Preet Nagar
Society, Behind Agrawal
Hospital, Chandan Nagar, Pune,
Maharashtra, India (411014).
