About Us

Shashwat Chemicals is a prominent and reliable manufacturer and supplier entity of high quality detergent raw material, soap noodles, and all other essential products for the cleaning and personal care industries. Since years of practice in the relevant field, we have gained the reputation of consistent delivery of credible and economical solutions to clients. Our product line is Detergent Raw Material, Detergent Enzyme Needles, Detergent SLS Colour Needles, Red Colour Soap Noodles, White Colour Soap Noodles, and much more.

We give the utmost quality in every single product we deal with at our company. All items are precision-made with attention to detail so that every product will match the needs of the different cleaning applications. For example, our detergent raw materials are formulated for intensifying the effectiveness of detergents, so it creates even superior cleaning performance. Similarly, our soap noodles come in different colors, such as red and white, to suit the specific needs of our clients in the soap and cosmetics industries.

Our Detergent Enzyme Needles is another flagship which is entrenched in providing the best-in-class cleaning performance, particularly in removing tough stains and dirt. It is one of the enzymatic products that are very effective for laundry detergents and are also environmentally friendly. Another product from our stable is our Detergent SLS Colour Needles which has gained wide appreciation for its versatility and consistency in quality.
