About Us

Vishal Scientific Industries is a renowned company in the Indian and international markets which was formed in 1981. With over four decades of presence, the company has made a remarkable mark by manufacturing laboratory products. We have become a trusted manufacturer, exporter and supplier in the scientific community which is offering a wide range of Digital Rectangular Centrifuge, Dry Bath Laboratory Incubator, Inclined Monocular Microscope, Laboratory Hot Air Oven, Portable Autoclave, etc. The commitment of our company to deliver exceptional products has enabled our brand, Labron to earn a strong reputation both domestically and globally.

As a pioneer in the laboratory products industry, Vishal Scientific Industries is continually innovating and adapting to the evolving requirements of the scientific community. By consistently trying to achieve excellence and staying at the forefront in the industry, we are able to introduce world-class Digital Melting Point Apparatus, Blood Roller Mixer, Vertical High-Pressure Steam Sterilizer, Laboratory Muffle Furnace, Doctor Centrifuge and more. The entire range of laboratory items are designed and developed in our modern production unit situated in Haryana, India. With the support of our excellent distribution network, we are delivering the products all over the world. Our products have received great appreciation from the clients for their reliability, superb performance and durability.

Key Facts

No of Staff	10
Year of Establishment	1981
No of Production Lines	2
OEM Service Provided	No

Our Products

Dry Bath Laboratory Incubator

Laboratory Bacteriological

Digital BOD Incubator

Bacteriological Incubator

Junior Projection Microscope

LCD Microscope

Inclined Monocular Microscope

Binocular Microscope

Pathological Microscope

Digital Hot Air Oven

Laboratory Hot Air Oven

Digital Muffle Furnace

Laboratory Muffle Furnace

Vertical High Pressure Steam Sterilizer

Doctor Centrifuge

Fully Stainless Steel Hot Air Oven
