About Us

Solitaire Fasteners And Engineers is committed to supplying fastening solutions of superior quality that satisfy a variety of industrial needs. As a manufacturer, supplier, and trader, we specialize in precision-engineered fasteners that render the highest durability, strength, and reliability. With a large range of products, from mild steel weld bolt to ms nylock nut, high tensile flange bolts, ms banjo bolts, ms shear rivet, countersunk head rivets, and car metal fasteners, we provide solutions that meet high industry standards. Every fastener is engineered with great metallurgical quality and precision to function flawlessly in high-performance applications.

Our state-of-the-art production plants and stringent quality control protocols ensure every product is up to international standards. From cars to heavy equipment, our fasteners are engineered to perform in the toughest environments with superior strength and durability. Tailor-made is the hallmark of our operations, where clients can dictate dimensions, coatings, and materials according to their precise specifications. Our solutions go beyond conventional offerings, enabling us to develop specialized fasteners that provide improved strength and dependability.
