About Us

Siddhi Vinayak Polymers is known for providing quality packaging solutions to customer's requirements, for durable and superior moisture resistance products. We are a manufacturer and supplier brand for all industries having a wide range of products such as Rectangular pp woven sack, White pp woven sack, Printed Bopp doc bag, Bopp printed bag, Yellow pearl printed bag, and pp atta packing bag. Our packaging materials are made to precision with excellent load-bearing capacity, resistance to UV especially for extended shelf life, and food-grade packaging for atta and grain storage.

Known for our innovation and customer satisfaction, we give cost-effective bulk packaging with the apt weight and strength, so that they can be handled, stored, and transported without much hassle. We feel pleased to have eco-friendly and recyclable materials helping us answer the question of sustainability. We prepare packaging solutions for indoor space and outdoor storage as well that protect the product against different pests, moisture, and contamination that will maintain the product's integrity and freshness.
