

## 3500 Pcs/Hr Papad Making Machine

3500 Pcs/Hr Papad Making Machine is designed for high-speed and hygienic papad production. The machine ensures uniform thickness, smooth performance, and efficient operation, making it ideal for commercial food processing industries and large-scale production units.

Specification	Details
Production Capacity	3500 Pcs/Hour
Operation	Semi Automatic
Application	Papad Making
Material	Mild Steel & Stainless Steel
Features	High Efficiency, Durable, Easy Maintenance
