

Frozen Peas Storage Cold Room

Frozen Peas Storage Cold Room is designed for preserving frozen peas and other frozen food products at low temperatures. These cold rooms maintain consistent cooling conditions to ensure product freshness, prevent spoilage, and extend shelf life. Widely used in food processing industries, warehouses, supermarkets, and commercial storage facilities.

Specification	Details
Temperature Range	-18°C to -25°C
Storage Capacity	1 Ton to 100 Tons
Panel Thickness	60 mm / 80 mm / 100 mm PUF Panels
Cooling System	Energy Efficient Refrigeration Unit
Power Supply	220V / 380V
Insulation Material	PUF Insulated Panels
Application	Frozen Peas, Vegetables & Frozen Foods
Door Type	Hinged / Sliding Insulated Door
Usage	Commercial & Industrial
