PVC PAVING BLOCK MOULDS

About Us

S. S. Machine Engineering Works is committed to delivering high-performance industrial solutions as a manufacturer and supplier of precision-engineered machinery. Designed for efficiency, durability, and automation, the range includes silicon plastic mould, PVC paving block moulds, automatic fly ash brick making machine, industrial fly ash brick making machine, MS fly ash brick making machine, concrete paving block making machine, paving block making machine, tiles vibration table, hydraulic concrete block making machine, and other heavy-duty industrial machines.

With a focus on quality and innovation, each machine is built to enhance productivity, minimize labor costs, and ensure long-term reliability. Advanced hydraulic systems, customizable mould designs, and vibration technology result in superior compaction, precise brick dimensions, and high daily output. Machines are adaptable to various raw materials, including fly ash and industrial waste, promoting eco-friendly production.

Key Facts

No of Staff	25
Year of Establishment	2013
OEM Service Provided	No

Our Products

Manual Fly Ash Brick Making Machine

15 Cavity Automatic Fly Ash Brick Machine

12 Cavity Automatic Fly Ash Brick Making

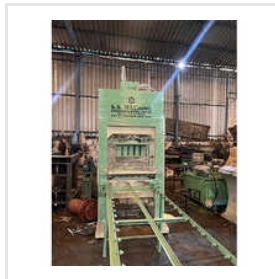

10 Bricks Fully Automatic Fly Ash

10 Cavity Automatic Fly Ash Brick Making

Automatic Paving Block Fly Ash Bricks

Industrial Fly Ash Brick Making Machine

New 8 Cavity Automatic Fly Ash

Automatic Fly Ash Brick Making Machine

8 Cavity Automatic Fly Ash Bricks Making

Fly Ash Bricks And Block Making Machine

MS Automatic Fly Ash Brick Making Machine

6 Cavity Automatic Fly Ash Bricks Machine In

6 Bricks Fully Automatic Fly Ash

MS Fly Ash Brick Making Machine

4 Cavity Automatic Fly Ash Bricks Making

ADDRESS

Plot No. 6, Sector B, Sanwer
Road, Opposite Guru Kripa
Restaurant, Near Jeetu Steels.
Indore, Madhya Pradesh, India
(452006).
