About Us

Established in 2002 and headquartered in Rajkot, Gujarat, Umesh Aqua Solution has built a strong reputation as a leader in the water treatment and packaging industry. We are driven by innovation, precision engineering, and a commitment to providing top-tier solutions that cater to the needs of growing businesses across India and beyond. Over the years, we have become a trusted name among clients seeking high-performance machinery for water purification, packaging, and beverage production.

As a manufacturer, service provider, and supplier, we offer a diverse and high-quality product portfolio tailored for industrial, commercial, and large-scale applications. Our offerings include Web Bulk Packaging Machine, Mineral Water Treatment Plant, Water Reverse Osmosis Plant, Beverage Making Plant and BOPP Labeling Machine. Each machine is crafted with industry-grade components to ensure long-lasting performance and ease of operation.

Our mission goes beyond manufacturing - we strive to empower our clients through reliable technologies and responsive service. With a team of skilled engineers and support professionals, we ensure that every product installation is smooth and that after-sales service is readily available. We take the time to understand our clients' specific needs, offering tailored recommendations and scalable solutions that grow with their business. Every project we undertake reflects our passion for quality, consistency, and client satisfaction.
