

**FABRICATION SERVICE**  
Customer Satisfaction Is Our Priority

Belt Conveyor, Customize Fabrication Service, Distillation Column, FRP RO Plant, Industrial Heat Transfer Equipments, Industrial Modular Process Skids, Industrial Piping Fabrication Service, Industrial Pressure Vessels, Ribbon Blender, Roller Conveyor, Screw Conveyor, Stainless Steel RO Plant, Structural And Heavy Fabrication Service, etc.

**INDUSTRIAL PRESSURE VESSELS**

**DISTILLATION COLUMN**

**RIBBON BLENDER**

## About Us

Invictus Projects And Engineers drives industrial progress through precision-engineered equipment and forward-thinking solutions designed to elevate operational efficiency. Specializing in the design, manufacturing, and supply of ribbon blender, distillation column, industrial pressure vessels, roller conveyor, industrial modular process skids, industrial heat transfer equipments, screw conveyor, as well as providing customized fabrication service and industrial piping fabrication service, every project delivered blends performance with reliability. From concept to commissioning, the focus remains on delivering value through customizable designs tailored to complex industrial challenges.

Each solution is crafted with superior materials and advanced fabrication techniques, ensuring long-lasting performance even in the most demanding environments. Reduced downtime, energy-efficient operation, and faster production cycles are built into every offering, enabling businesses to optimize productivity while controlling operational costs. The engineering team brings together technical expertise with a deep understanding of industry-specific requirements, ensuring seamless project execution and turnkey solutions that integrate effortlessly into existing systems. Rigorous quality control processes and adherence to international safety and performance standards underpin every stage, guaranteeing equipment that exceeds expectations in reliability and efficiency. End-to-end support goes beyond installation, with comprehensive after-sales service and maintenance programs designed to extend the life of each system.

## Key Facts

<b>No of Staff</b>	20
<b>Year of Establishment</b>	2019
<b>OEM Service Provided</b>	No

## Our Products

**Distillation Column**

**Ribbon Blender**

**Industrial Heat Transfer Equipments**

**Industrial Modular Process Skids**

**Belt Conveyor**

**Screw Conveyor**

**Roller Conveyor**

**Stainless Steel RO Plant**

**FRP RO Plant**

**Customize Fabrication Service**

**Industrial Piping Fabrication Service**

**Structural And Heavy Fabrication Service**
