About Us

Pragati Universal is dedicated to providing world-class dispensing and packaging solutions that are leaders in precision, performance, and practicality. As a manufacturer and supplier, the company has risen to a solid position in the packaging industry by offering a full array of dispensing products that represent technology as well as integrity. Whether it is ribbed pumps, matte lotion pumps, perfume sprayers, push fit pumps, nozzle sprayers, on-off mini trigger pumps, closure caps, or dropper pumps, our products are designed and engineered to be smooth, precise, and trouble-free as well as to provide reliability that ensures the same performance for every dispense.

The company is focused on creating dispensing and packaging solutions that reinforce the value of the brands with which it works, while ensuring functionality, user experience, and a quality aesthetic for all of its dispensing solutions. All of Pragatis dispensing solutions have been designed with corrosion-resistant material characterized by durable seals to preserve the integrity of a product or formulas fresh and un-tampered over time. Additionally, the company focuses on incorporating sustainable packaging into its designs by utilizing eco-friendly and recyclable pieces and components designed for brands focused on reducing their environmental impact while not sacrificing quality.
