About Us

Established in 2021 and based in Pune, Maharashtra, India, Swivel Engineering Private Limited is a professionally managed manufacturer and supplier of precision-engineered metal components and industrial hardware. We are committed to delivering reliable, durable, and application-oriented products that meet the diverse requirements of automotive, engineering, fabrication, industrial, and commercial customers.

With a focus on quality manufacturing and customer satisfaction, we have developed our capabilities around products such as stainless steel hinges, heavy-duty hinges, mild steel components, and car door hinges. Our approach combines practical engineering knowledge, dependable manufacturing processes, and consistent quality control to provide products that perform reliably in demanding applications.
