**One Stop Solution provider organization for Agriculture, Horticulture, Forestry & Tea Gardens**

## :: Organization Profile ::

**TRADELINE CORPORATION** has started its Business Operation in the line of Agriculture Inputs in the year 2005 by the promoter of this organization **Mr. Amarjyoti Sahu** by opening its registered office in the heart of the North East City at Guwahati in the state of Assam. Initially, we have started our business with Agri-Input only i.e. dealing with an imported Natural Plant Extract (Certified Organic micro-nutrient) and subsequently we have been bringing a wide range of Agriculture/Horticulture Solution products for the convenience of our clients to get sufficient range of products in one roof. We have also set up our new Branch Office in Dibrugarh City to reach our Tea Garden Clients in Upper Assam as well as East part of Arunachal Pradesh. We have also Dealer Network in the North Eastern Hill States.

**Our organization is an ISO-9001-2015 Registered Organization** and recognized as a Manufacturer of different types of Low Cost and Hitech Green House under our Brand name “KIRAN”. We provide as an Authorized Dealer of Jain Irrigation Systems Ltd. The Drip & Sprinkler Irrigation System, and as an authorized Distributor of some reputed companies, we also provide Hybrid Vegetable Seeds, and Bio-Organic Fertilizers / Manures, Bio-Organic Pesticides, Natural Plant Extracts. We are also Importer of Specialty Fertilizers & Specialized Agricultural & Horticultural Tools & Equipments, Scientific Equipments such as Automatic Weather Station cum Disease Forecast Equipments, Electronic Balances, PH Meters, Soil Test & Water Test Equipment, and Distributor of Branded Certified Bio-Organic Fertilizers / Bio-pesticides, IPM Products like Pest Fly Sticky Sheets –Yellow/Blue and Fruit Fly & Vegetable Fly Insects Catcher, Micronutrients products, UV Protective HDPE Vermi-Bed for Vermi-culture, Natural Water Harvest & Storage System , Post-Harvest Materials Handling & Storage Products, UV Films (Poly Sheets), Agro Shade Net, Mulch Films, Fencing Materials for Garden Care, Power Tiller, Pump Set, Rice Transplanter, Animal Feed Supplements, manufacture by some most reputed ISO-9001-2008 certified Indian manufacturing companies. (Please refer to our Product Profile enclosed herewith for details).

**The main Moto of our organization is promoting, emphasizing and providing the Organic Inputs** for the Organic Agriculture practice for all Agricultural and Horticultural crops and Increase Production of Agro products by using the advanced technological Farm Tools & Implements and Agriculture Machineries. We advocate and propagate to produce the Organic Foods –grains / Fruits by applying of Bio- Organic Manures, Bio-Organic Fertilizers and Bio-organic Pesticides.

We also Co-ordinate with the Govt. in terms of providing the required Organic Manures/Bio-Organic Fertilizers and Bio-Organic Pesticides under various Government sponsored Schemes in the Agriculture and Horticulture Departments to help the farmers. We believe that in order to sustain productivity & to increase the production under double cropping system to generate double income of the farmers; we need to emphasize on organic agricultural practices.

It has been observed that due to excessive and continuous use of chemical fertilizers, chemical insecticides & pesticides and not following the recommended dose (if used by farmers) to increase the production; we are losing the natural nutrients that are present in the soil making the soil contaminated to produce chemical free food grains thus eventually affecting human health and environment as a whole. It is high time that we possibly apply good quality of organic manures and fertilizers e.g. Vermi-compost, Cow-dung Manures, Plants extracts etc. / Bio-Organic pesticides that is been derived from various plants to control insects / pests.

Contd to .....P/2

Many reputed Organizations is coming up with new technologies to manufacture Bio-Organic manures/Fertilizers and Bio-Organic Pesticides in India and worldwide. We have already tied-up and further making continuous efforts in tying –up with such reputed Organization both indigenous and abroad to source best quality Bio-Organic Fertilizers /Insecticides / Plant extracts / modern & advance engineered agricultural Tools & Implements/Machineries & Equipments to provide the Farmers directly or indirectly. Till date, we have tied up with five reputed manufacturer of Certified Organic Inputs with different technologies (Certified by NOCA, Indocert, Vedic organic Certified Agency, SGS, Eco-cert, OMRI etc.).

With a view to provide complete range of Personal Protective safety-wares to working personnel at various places like in Farmers Crop Field, Building & Road Construction sites, Residential & Commercial Building, Factories/Industries, we are providing Protective Safety products like Hand Gloves of various ranges, Gum Boot, Ear Plug, Safety Shoes, Safety Goggles, wide range of safety dresses, Dust Mask, Chemical Protective Masks, etc.

We have been providing the Sales & service of the wide range of Agricultural & Horticultural Inputs, Agriculture Tools & Implements to our reputed clients like Horticulture and Agriculture Dept. in Arunachal Pradesh, Assam, Nagaland, Meghalaya and other Govt. Research Institutions and Agricultural Universities like ICAR, KVK, CAU, AAU and PSU like NRL, NEEPCO Ltd., etc. We have also been associated with various reputed Tea Group client to name some are: **Tata Tea, Williumson Magor group Tea** etc.

With a view to reach our clients in North Eastern States, we have Dealer Network Services. We have appointed our Authorized Dealers at various places to provide our Sales & Services for the convenience of our client. We are also opening more New Branch Offices in the Capital of the N.E. States which is currently in process.

We have also opened Show Room at the heart of the North East state in Guwahati, near Passport office where all our range of products has been displayed and from where customer can directly purchase the materials.
