

BOTANICAL LABS

Olive & Clay Exfoliating Bar — Product Verification Sheet

PRODUCT PROFILE

This cold-processed botanical soap bar is formulated with high-purity olive oil and premium French green clay. The distinctive olive-khaki complexion is uniformly textured with micro-specks of natural botanical

TECHNICAL SPECIFICATIONS

Batch	OC-2026-EXF
Classification	
Base Oil Mix	Saponified Olea Europaea

elements, providing standard cellular exfoliation while retaining deep dermal hydration.

The clean-cut orthogonal geometry shown in the multi-angle assessment maximizes handle surface area and guarantees precise, uniform aging behavior during standard curing and clinical storage phases.

INSPECTION & BATCH DETAILS

Each panel review verifies a high-consistency pour, zero structural air-pockets, and uniform dispersion of particulate natural matter across the front, sides, back, and top/bottom interfaces.

Color Texture	Natural Khaki / Matte Flecked
Shape Factor	Precision Rectangular Block
Particulate Mix	Fine Crushed Seed & Clay Grains
Target Weight	115 grams e / 4.0 oz
