About Us

M S Engineering is a reliable manufacturer and supplier of high-quality medical and orthopedic devices. Established in 2024 and located in Vadodara, Gujarat, India, we specialize in producing innovative products designed to support the healthcare industry. Our range of products includes ACL Screw Titanium, Ligament Washer, Herbert Screw Titanium, U Staple and Cannulated Cancellous Screw. We pride ourselves on providing durable and reliable solutions that meet the highest industry standards, helping healthcare professionals provide the best possible care.

We are committed to delivering products that help improve the quality of medical care. Our small but highly skilled team works relentlessly to ensure that every product we produce is up to the highest standards of quality and reliability. We understand the critical nature of the medical field and are dedicated to offering solutions that healthcare providers can trust. We are dedicated to continuous improvement. We invest in research and development to explore new techniques and innovations that can further enhance the effectiveness of our products. By constantly improving our offerings, we aim to contribute to the advancement of medical practices and deliver even more reliable solutions to our clients in the future.
