About Us

Nishra Overseas LLP is a major trader, exporter and supplier of industrial metal products, serving clients across the globe. We specialize in a comprehensive range of ferrous and non-ferrous solutions including Titanium Products, Duplex Steel Pipe And Tube, Hastelloy Products, Steel Pipe Fittings, Cupro Nickel Sheet, Carbon Steel Pipe Fitting, etc. With a distribution network that spans all of India and exports to over 30 countries including Southeast Asia, the Middle East, Africa, and Europe we cater to public and private enterprises, including government and semi-government sectors. All products are developed using top-grade raw materials and cutting-edge production techniques, including advanced technologies like the Radial-Axial Ring Rolling Machine.

At Nishra Overseas, we integrate the latest in engineering and process automation. Our advanced facilities are equipped with sophisticated machinery and testing systems that comply with international quality benchmarks. We utilize a centralized management system to control every stage of material handling, production, and inspection ensuring reliability and precision in every batch. Third-party inspections from agencies such as PDIL, Lloyds, Tata, Uhde, and others are welcomed and supported.
