About Us

JLPC Industries is a trusted manufacturer and supplier of high-quality Transformer Radiators, Transformer Tanks, and Cable Trays, based in Jaipur, Rajasthan, India. Established in 2019, our company has earned a reputation for excellence, precision engineering, and unwavering commitment to quality within a short span of time. With innovation at the core of our operations, we serve the power, electrical, and infrastructure industries with products that embody reliability, durability, and efficiency.

At JLPC Industries, we understand that the foundation of modern electrical infrastructure depends on dependable components that perform consistently under demanding conditions. Our product range is designed and manufactured to meet the rigorous requirements of transformer and power system applications. Every radiator, tank, and cable tray that leaves our facility is a reflection of our dedication to superior craftsmanship and technical precision.

Established in 2019, JLPC Industries has rapidly emerged as a trusted name in the transformer component manufacturing sector. Built on the foundation of quality, innovation, and customer-centricity, we specialize in the production of transformer tanks and PSR-type radiators, delivering excellence to transformer manufacturers across the country. We are the only industry in the area with a government approved ISO certificate. We understand the unique requirements of transformer manufacturers, and we are dedicated to supporting them by offering robust, durable, and high-performance components that enhance the efficiency and longevity of their products. Our processes adhere to stringent quality control measures to ensure consistency, safety, and performance at every step of production.

Key Facts

No of Staff	50
Year of Establishment	2021
OEM Service Provided	No
Monthly Production Capacity	AS PER THE CUSTOMER REQUIREMENT

Our Products

**250 X 50mm
Perforated Cable Tray**

226mm Radiator

520mm Radiator

**2200 X 520 X 28mm
Elements Radiator**

305mm Radiator

Power Tank

**100kva Transformer
Tank**

**1000kva Transformer
Tank**

**25kva Transformer
Tank**

Primer Radiator

**250 X 50mm
Perforated Cable Tray**

2inch Cable Tray
