“

There is something very powerful about the word new; a new day , a new idea , a new chapter a new ambition. New is the inspiration that can change today's world and give us a new future.

”

Cutting Machine

500 kg Load Capacity

300 kg Load Capacity

250 kg Load Capacity

Ind.Mechanical.Good Lift

## Cutting Machine

## Specification :-

Bad Size :	12 <sup>ft</sup> X 4 <sup>ft</sup>	10 <sup>ft</sup> X 4 <sup>ft</sup>	8 <sup>ft</sup> X 4 <sup>ft</sup>
Cutting Size	10 <sup>ft</sup> X 4 <sup>ft</sup>	8 <sup>ft</sup> X 4 <sup>ft</sup>	6 <sup>ft</sup> X 4 <sup>ft</sup>

Motor 7.5 HP 3 Phase Standard Motor

Blade Size 14 inch

## 250 Kg Load Capacity on Single Rope

### Speciality :-

Baket Size	30 inch X 30 Inch	-
Lifting Speed	28 Mtr / Min	28 Mtr / Min
Rope Size	8 mm	10mm
Motor	2 HP/ 3 Phase Break Motor	3 HP /3 Phase Break Motor
Gear Box	Helical Gear Box	Heavy / helical Gear Box
Floor Height	(14 Floor) 50 Mtr	(22 Floor)80Mtr
Remote	1 Nos (Rain Proof)	1 Nos (Rain Proof)
Remote Cable	2 Sq mm (2 Mtr)	2.5 Sq mm (3 Mtr)
Warranty	6 Month	6 Month

## 300 Kg Load Capacity on Single Rope

## Speciality :-

Baket Size	40 inch X 30 Inch	40 Inch X 30 Inch
Lifting Speed	28 Mtr / Min	28 Mtr / Min
Rope Size	10 mm	12 / 14 mm
Supporting	6mm	8 mm
Motor	3 HP/ 3 Phase Break Motor	5 HP /3 Phase Break Motor
Gear Box	Helical Gear Box	Heavy / helical Gear Box
Floor Height	(14 Floor) 50 Mtr	(22 Floor)80Mtr
Remote	1 Nos (Rain Proof)	1 Nos (Rain Proof)
Remote Cable	1 Sq X 3 core (50 Mtr)	1.5 Sq X 3 core (80 Mtr)
Panel Box	3 to 5 HP	6 to 8 HP
Warranty	6 Month	6 Month

## 500 Kg Load Capacity on Single Rope

### Speciality :-

Baket Size	40 inch X 40 Inch	45 Inch X 42 Inch
Lifting Speed	25 Mtr / Min	25 Mtr / Min
Rope Size	12 mm	16 mm
Supporting	6mm	8 mm
Motor	3 HP/ 3 Phase Break Motor	5 HP /3 Phase Break Motor
Gear Box	Helical Gear Box	Heavy / helical Gear Box
Floor Height	(14 Floor) 50 Mtr	(22 Floor)80Mtr
Remote	1 Nos (Rain Proof)	1 Nos (Rain Proof)
Remote Cable	1 Sq X 3 core (50 Mtr)	1.5 Sq X 3 core (80 Mtr)
Panel Box	3 to 5 HP	5 to 10 HP
Warranty	6 Month	6 Month

## Industrial Mechanical Good Lift

### Speciality :-

### Features :

Capacity	1 ton to 2.5 ton
Operating	Electric Break Motor
Wire Rope	12 mm / 14 mm / 16 mm
Max Height	As Par Your Requirement
Min Height	10 Ft
Platform Size	As Par Your Requirement
Power Panel	Snider / L & T
Fabrication	50 X 5 angle & 3 X 1 1/2 channel 63 X 6 angle & 4 X 2 channel

- ✓ Overload Safety
- ✓ UP & Down Limit Set
- ✓ 3 nos power remote
- ✓ Heavy Fabrication
- ✓ Redox Paint

## Operating rules for cargo elevators and freight lift

- ✓ Manned operation is strictly prohibited.
- ✓ Overload operation is strictly prohibited.
- ✓ The freight lift should be evenly placed when transporting goods, and not partial load to ensure the smooth operation of the lifting platform.
- ✓ When the manual hydraulic forklift lifts with goods on this freight lift, the fork arm of the forklift should be lowered to the lowest level and the handlebar should be twisted to prevent the forklift from moving when the platform is lifted.
- ✓ Confirmed all doors of lift are closed before lifting operations. It is strictly forbidden to use other methods to press down the sensing device.
- ✓ It is strictly forbidden to stand under the lifting platform.
- ✓ It is strictly forbidden to switch or press the emergency brake button during the normal lifting of the lift, and it is strictly forbidden for the operator to leave during the lifting of the platform.
- ✓ When the lift is out of use, the work surface should be lowered to the bottom.
- ✓ When it is not used for a long time, it should be empty to run 1-3 times before lifting the goods.
- ✓ When the lift fails, the maintenance personnel of the manufacturer should be notified in time, and no operation is allowed. Non-professionals are not allowed to repair the lift.
