

COOLING TOWERS

Delighting Customers With Authentic Products

1000TR Natural Draft Cooling Towers, 100TR Bottle Shaped Cooling Tower, 100TR FRP Cooling Tower, 100TR FRP Induced Draft Counter Flow Cooling Tower, 100TR Frp Cooling Towers, 100TR Frp Square Type Cooling Tower, 100TR Industrial Cooling Tower, 100TR Industrial FRP Cooling Tower, 100TR Round Shape Cooling Tower, 1500mm Frp Cooling Towers, 150TR Induced Draft Cooling Tower, 200TR Bottle Shaped Cooling Tower, 200TR Bottle Shaped FRP Cooling Tower, 200TR Frp Industrial Cooling Tower, 20TR FRP Mini Cooling Tower, etc.

500TR FRP COOLING TOWERS

1500MM FRP COOLING TOWERS

THREE PHASE HIMGIRI COOLING TOWERS

About Us

Established in the year 2007, Prakash Cooling Tower has earned a distinguished reputation as a leading Manufacturer, Wholesaler, and Retailer of high-quality cooling tower systems and related accessories. Based on a strong foundation of quality, innovation, and customer satisfaction, we offer a comprehensive range of products including FRP Cooling Towers, Square Cooling Towers, Cooling Tower Fills, Bottle Shaped Cooling Towers, FRP Cooling Tower Fans, and various cooling tower spares. Manufactured using premium-grade raw materials sourced from trusted vendors, our products are widely appreciated for their durability, superior performance, energy efficiency, and long service life. We ensure timely delivery of every order while maintaining competitive pricing.

Since our inception, we have remained committed to maintaining the highest standards of quality and operational excellence. Our dedication has been recognized through our certifications, reflecting our systematic approach to quality management, documentation, and continuous process improvement. Our primary objective is to design and manufacture products that consistently meet customer expectations while delivering exceptional performance and reliable service. Our extensive product portfolio caters to diverse industrial applications, including air conditioning systems, diesel generator sets, compressors, induction furnaces, injection molding machines, and various process industries. We manufacture cooling towers with capacities ranging from 5 TR to 5000 TR, capable of handling temperature ranges from 80C to 30C. To ensure maximum efficiency and durability, we utilize high-quality components such as double-edge folded fills, FRP fans, plastic sprinklers, PVC splash bars, and drift eliminators.

Our Products

100TR FRP Cooling Tower

250TR Frp Cooling Towers

100TR Frp Square Type Cooling Tower

200TR Frp Industrial Cooling Tower

2400 X 2400 X 3200mm Frp Cooling Towers

Induced Draft Cooling Tower

300 TR Industrial Water Cooling Towers

Waste Heat Removal Cooling Towers

50TR Industrial Cooling Tower

Frp Induced Draft Counter Flow Cooling

Injection Molding Cooling Tower

100TR FRP Cooling Tower

100TR Industrial Cooling Tower

Evaporative Cooling Tower

1000TR Natural Draft Cooling Towers

100TR Industrial FRP Cooling Tower
