About Us

Delsol Engineering India Pvt. Ltd. is a leading name in engineering, manufacturing, fabrication, and industrial automation services. Established with a strong vision for innovation and excellence, DELSOL has evolved into a trusted partner for clients across multiple industries. Our company is driven by the core values of quality, precision, and a relentless commitment to customer satisfaction. Over the years, we have built a strong reputation for delivering high-performance solutions tailored to meet diverse industrial requirements. We are a reliable manufacturer and supplier of Chemical Plants Pipeline, SS Chain Conveyor, Air Receiver Vessel, SS Tank, Water Treatment Tank, and more.

Our journey began in 2012, under the name Shrinath Industrial Works, with a focus on fabrication, blasting, and painting services. Initially catering to companies involved in SPM (Special Purpose Machines) manufacturing and automation, we quickly gained recognition for our work quality and service standards. As our expertise and client base expanded, we rebranded to Delsol Engineering India Pvt. Ltd., in 2022 marking our transition into a broader spectrum of industrial engineering and manufacturing services.

Today, DELSOL is known for its end-to-end engineering capabilities and has earned the trust of clients through its consistent performance, technical expertise, and a team of passionate professionals committed to delivering excellence. Situated in Pune, Maharashtra, India, we manufacture and supply Oil Filtration System, Gas-Lubricant Pipeline, SS Chain Conveyor, Air Receiver Vessel, SS Tank, Water Treatment Tank, and more.
