FAQs

Q: How is the sign installed?

A: Pre-drilled holes allow easy mounting on poles, walls, or surfaces.

Q: What actions can the sign regulate?

A: No entry, no parking, no horn, and other restriction symbols.

Q: Where is the sign best used?

A: Roads, public spaces, parking areas, factories, and campuses.

Q: What benefits does the reflective surface provide?

A: Ensures visibility up to 200 meters during day and night.

Q: How does the sign withstand weather?

A: High-grade aluminum and weatherproof coating prevent corrosion and fading.

Q: What certifications does the sign meet?

A: Manufactured according to IRC, IS, and ASTM standards.
