About Us

Art International is a developing organization committed to manufacturing and supplying dependable medical instruments with a strong focus on quality and precision. Established in 2022 and located in Jalandhar, Punjab, India, our company operates as a trusted manufacturer and supplier in the medical instruments industry. We aim to deliver products that meet professional standards and support the needs of healthcare environments. With a dedicated team and organized production practices, we focus on creating instruments that offer reliability, durability, and practical functionality. Our commitment to excellence and professional ethics helps us consistently provide dependable products and services to our clients.

We manufacture and supply a specialized range of surgical and medical instruments designed to support healthcare professionals in their daily procedures. Our product range includes Gelpi Retractor Clamp, Bone Cutting Instruments, Suture Scissor, Gelpi Retractor and Artery Forceps. Each instrument is developed with careful attention to precision and usability to ensure dependable performance in demanding medical environments. By focusing on design accuracy and reliable materials, we ensure that our instruments provide consistent functionality while meeting the expectations of medical practitioners and institutions.
