About Us

With years of trusted experience in the desiccant and packaging industry, we are proud to announce that Ecopack India has now grown into Ecopack India Freshguard Private Limited. This transformation marks not just a change in name, but a milestone in our journey built on the consistent support and trust of our valued customers.

Our company has always been committed to delivering high-quality products like Silica Gel, Dry Care Desiccant, Oxygen Absorbers, and Container desiccants, with a focus on performance, reliability, and customer satisfaction. Today, as a certified private limited company, we operate with strengthened standards, a broader vision, and all essential certifications that reflect our credibility and compliance with industry benchmarks.
