About Us

Rajain Rubber Industry is a reputable and established Traffic safety and Road safety solutions Manufacturer and Supplier of high quality. We supply Speed Breaker, Rubber Speed Breaker, Diamond Cut Speed Breaker, Raman Speed Breaker, Arrow Speed Breaker, and more. Innovation, durability, and performance make us a very strong brand reputation in producing products that better the road safety and traffic management in all urban, commercial and industrial settings. At our company, we are motivated by a desire to deliver the best engineering quality and customer experience, which makes us a contractor of choice to the municipal bodies, infrastructure developers, and contractors as well as the individual organizations.

We come with superior manufacturing plants with innovative technology and quality assessment mechanisms. All the products that are produced within the Rajain Rubber Industry are engineered to use the quality of rubber compounds and molded accurately so that they maintain a uniform size, high load bearing capacity as well as service life. Our highly skilled technical employees are guided through standard production processes to ensure quality in all the batches. This rigor mortis philosophy helps us to produce products that can perform consistently even in the case of heavy traffic and adverse weather.
